Aluminum Staircase Handrails & Outdoor Guardrails: Products & Accessories Solutions

Foshan · China

Aluminum Replaces Wood Ingeniously Crafted

ABOUT US

Yaoxing Aluminum specializes in aluminum staircase handrails, outdoor guardrails. Based in Foshan—the "Hometown of Aluminum Materials in China"—we are an innovative enterprise integrating R&D, manufacturing, sales, and service.

Covering an area of over 40,000 square meters, we adopt modern management models.

Guided by the concepts of energy conservation, innovation, aesthetics, and practicality, our products use national standard 6063 aluminum profiles, featuring high hardness, excellent gloss, corrosion resistance, and other advantages. They are widely used in private residences, high-end mansions, residential communities, public places, etc. Our high-end, elegant, aesthetic, and eco-friendly products are deeply loved and recognized by customers!

We have always adhered to the business philosophy of "quality as guarantee, service as tenet", and established long-term stable, win-win cooperative relationships with customers through integrity, diligence, and innovation.

We abide by contracts, keep promises, offer high-quality products at favorable prices, and serve customers sincerely.

Corporate Spirit:

Strive for perfection, optimize management, pursue excellence, and forge quality.

Corporate Tenet:

Create value for customers, create wealth for society, create benefits for employees.

Corporate Morality:

Be sincere, united, and hardworking.

Business Goal:

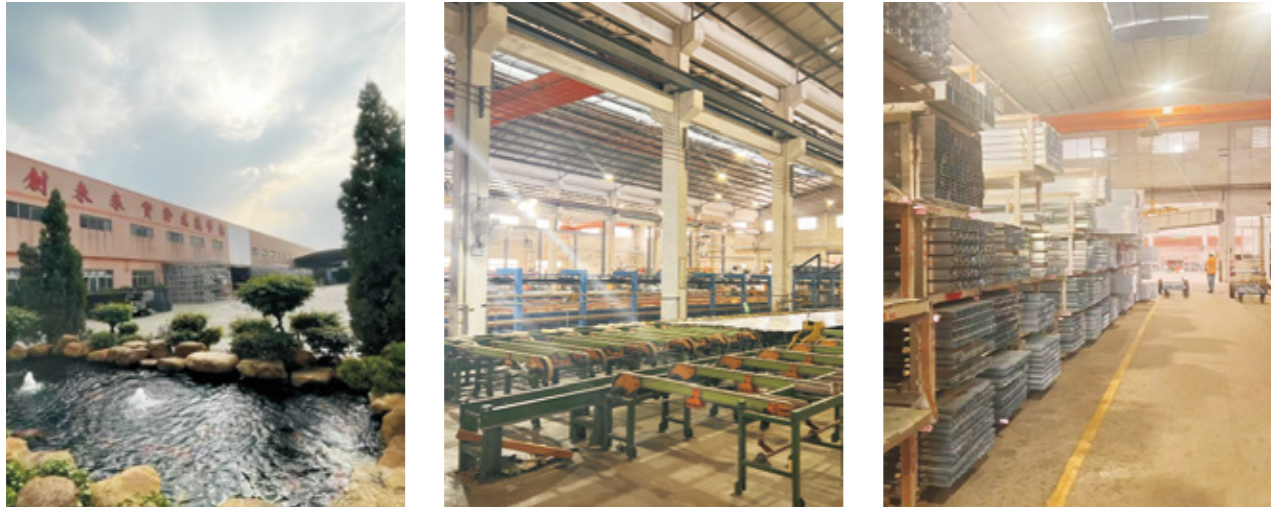

Strengthen internal cohesion, enhance corporate influence, and improve brand competitiveness.

Business Philosophy:

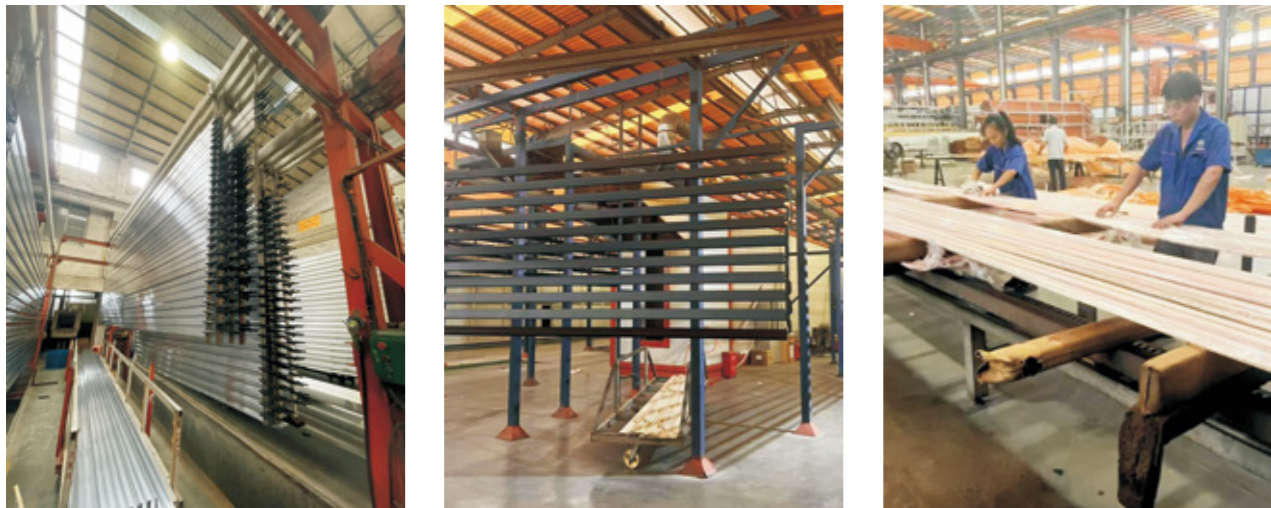

Talent as the foundation, market as the orientation, quality as the guarantee, service as the tenet.

With high-quality products and trustworthy services, we excel in aluminum craftsmanship!

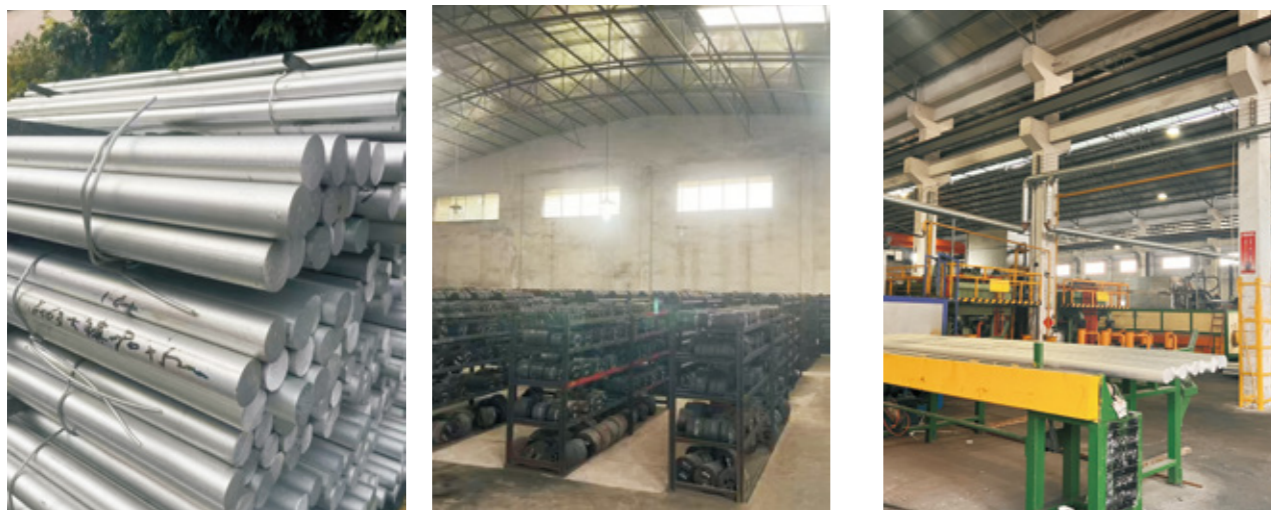

1. Over 40,000 m² production base, with more than 30 years of aluminum profile manufacturing experience.

2. Equipped with advanced automated production lines for extrusion, powder coating, anodizing, electrophoresis, etc.

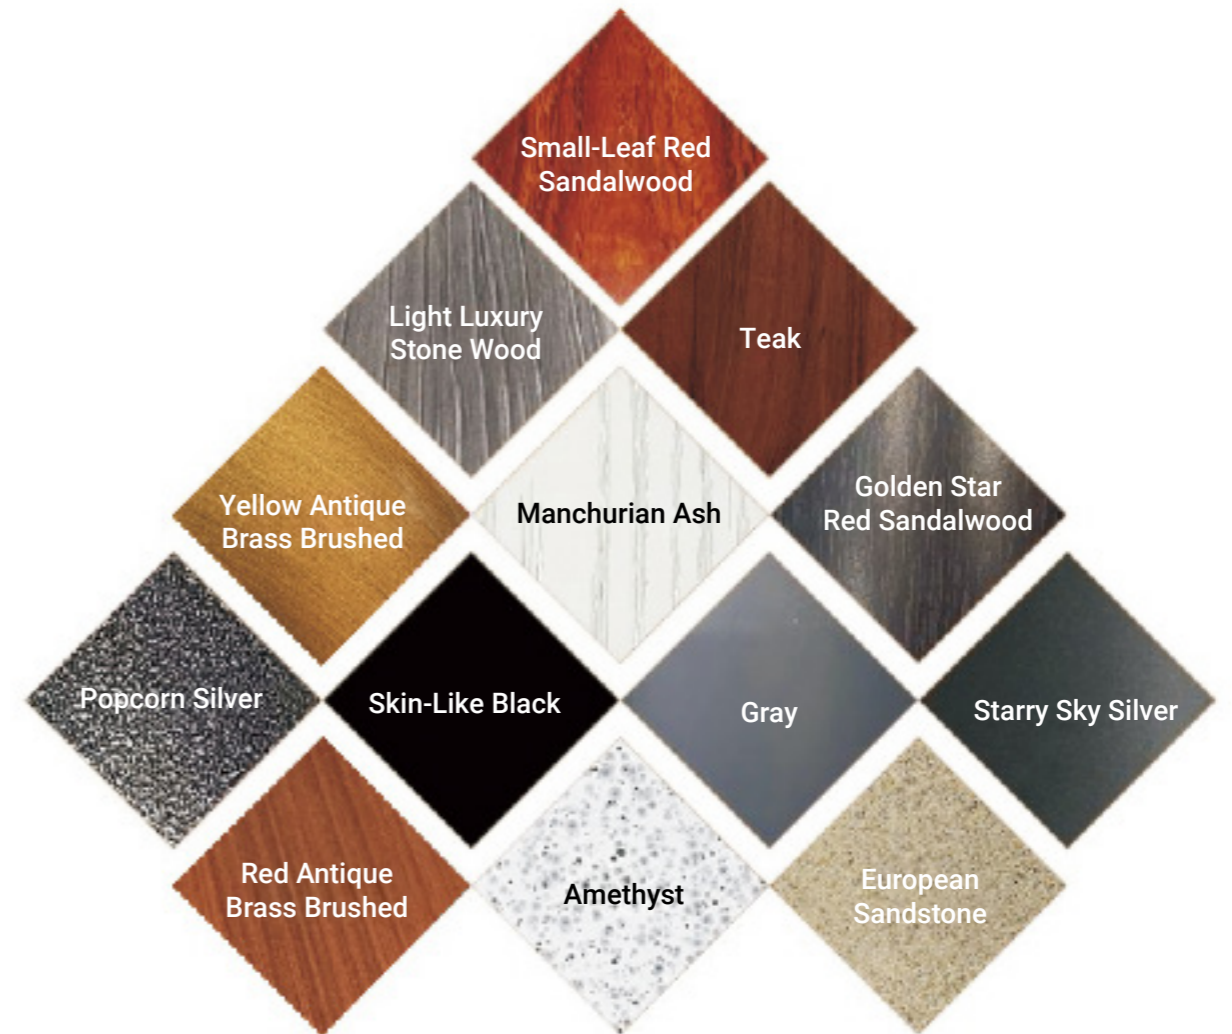

3. We specialize in creating customized products to meet specific needs.

PERSONALIZED COLOR CUSTOMIZATION

You can freely match colors based on the color palette below to satisfy personal preferences and environmental requirements.

Establish industry benchmarks with ingenious quality!

(Note: There may be color differences between the printed version and the actual product; please refer to the physical item.)

TOP 10 TIPS FOR CHOOSING QUALITY PRODUCTS

01 Aesthetic And Sturdy
Never Rusts

02 Streamlined Processes
Easy To Install

03 Rational Structure
Simple And Elegant

04 Durable And Robust
Resistant To Damage

05 Beautiful Color
Never Fades

06 Moisture-Proof
Expansion-Proof, Easy To Clean

07 Waterproof
Fireproof, And Pest-resistant

08 Eco-friendly,
Zero Formaldehyde

09 Aluminum Alloy
Structure Enhances Value

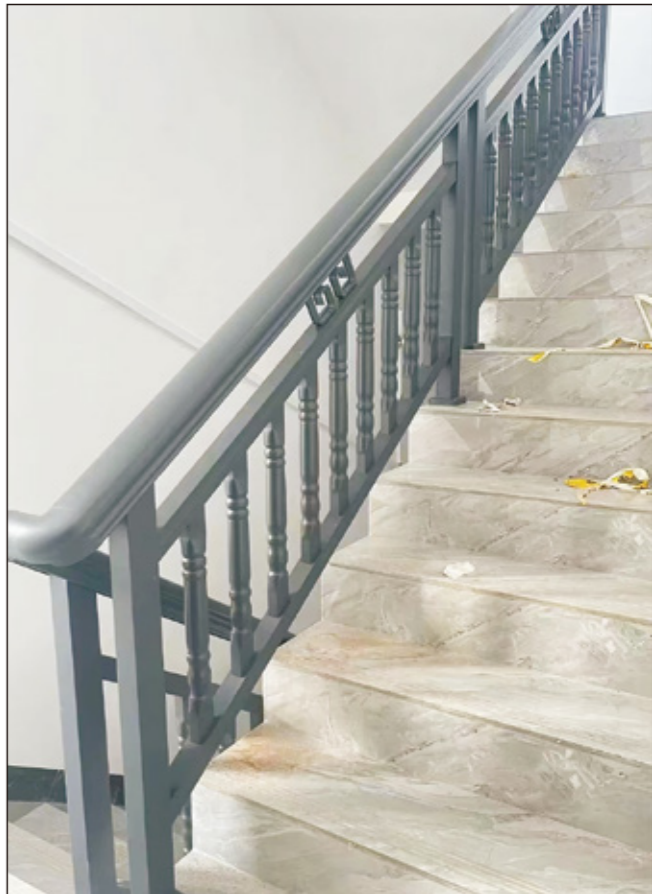

10 Innovative Concepts
Scientific Design

We Focus On Full-range Aluminum Stair Handrails, Guardrails, And Accessories.
