Call Service Terminal

VM-BD601

Functional description:

1. Material and Craftsmanship: The screen panel features an all-aluminum alloy housing with an integrated CNC design, precision-machined as a single piece. It undergoes sandblasting and anodizing treatment, available in brushed black/silver or sandblasted black/silver (custom colors available).

2. Real-time display of conference room call service information, including room details, caller name, and call content; service information can be scrolled.

3. After processing, conference staff can control the real-time hiding of processed call content.

4. Suitable for various formal and quiet meeting settings.

Technical specifications:

Model	VM-BD601
CPU	Quad-core Cortex-A9 processor
Clock speed	1.4 GHz clock speed
Memory	8Gbit RAM
Storage	64-bit EMMC
Screen size	17.3 inches
Aspect ratio	16：9
Resolution	1920x1080P
Brightness	400 nit
Static Contrast	6000：1
Interface	1*HDMI port 1*USB port 1*RJ45 port 1*DC port 1*ON/OFF port
Dimensions	420mm*266mm*9mm
