Kaolin Hemostatic Gauze

ITEM #
 TM-AZ-CG-01
 SIZE
 7.5*370cm/3"*4'
 Shelf Life
 3 years

- Material: Blended (Polyester & Cotton)
- Safety: Heat Free - No exothermic reaction safe for all wounds.
Inhibits bacterial growth for 24 hrs.
- Func / Use:
 -Used for deep penetrating wounds
 -Designed to provide specific benefits in wound case and haemostasis. Kaolin promotes blood clotting by activating the coagulation cascade, 2 facilitating the formation of a stable blood clot.
 -Rapidly absorbs water molecules in the blood, concentrate platelets in the blood and thrombin, thus accelerating the coagulation process of body.
 -Meet the needs to different wound condition and different parts and can also be used as an auxiliary fixation tool for fracture.
