Fog Fluid / CO_2 Column Machine

VD-4020 / VD-4021

VD-4020 Functional description:

1.Fog Fluid is specially developed for creating fog effects. It consists of high- quality, non- toxic chemical compounds.
2.The resulting fog is suitable for all kinds of entertainment applications. It leaves no residue or pollutants and significantly extends the service life of the fog machine.

VD-4021 Functional description:

1. Power: 10W
2. Maximum jet height: 8 meters
3. Gas consumption: 0.45 kg/s
4. Supports wireless remote control and DMX512
5. DMX Channel: 1

VD-4021 Technical specifications:

Model	VD-4021
Input voltage	AC 220V-240V 50/60Hz
Fuse	10A/250V
Power	10W
Maximum jet Height	8 meters
Gas consumption	0.45 kg/s
Control	DMX512 1CH
Net Weight	4.8KG
Gross weight	5.8KG
Machine Dimensions	260 * 165 * 280mm
Package Dimensions	300 * 200 * 430 mm
