Smart Bathroom transcends boundary to households worldwide

Established in 2012 in Singapore, AQUATIZ is a homegrown brand committed to the development of intelligent sanitary ware. Driven by innovation and a mission to enhance everyday living, AQUATIZ continuously pushes the boundaries of design and technology to deliver exceptional bathroom experiences. With a global vision, we strive to bring smart, high-quality sanitary solutions to every household, enabling families around the world to enjoy the highest standards of comfort, convenience, and hygiene.

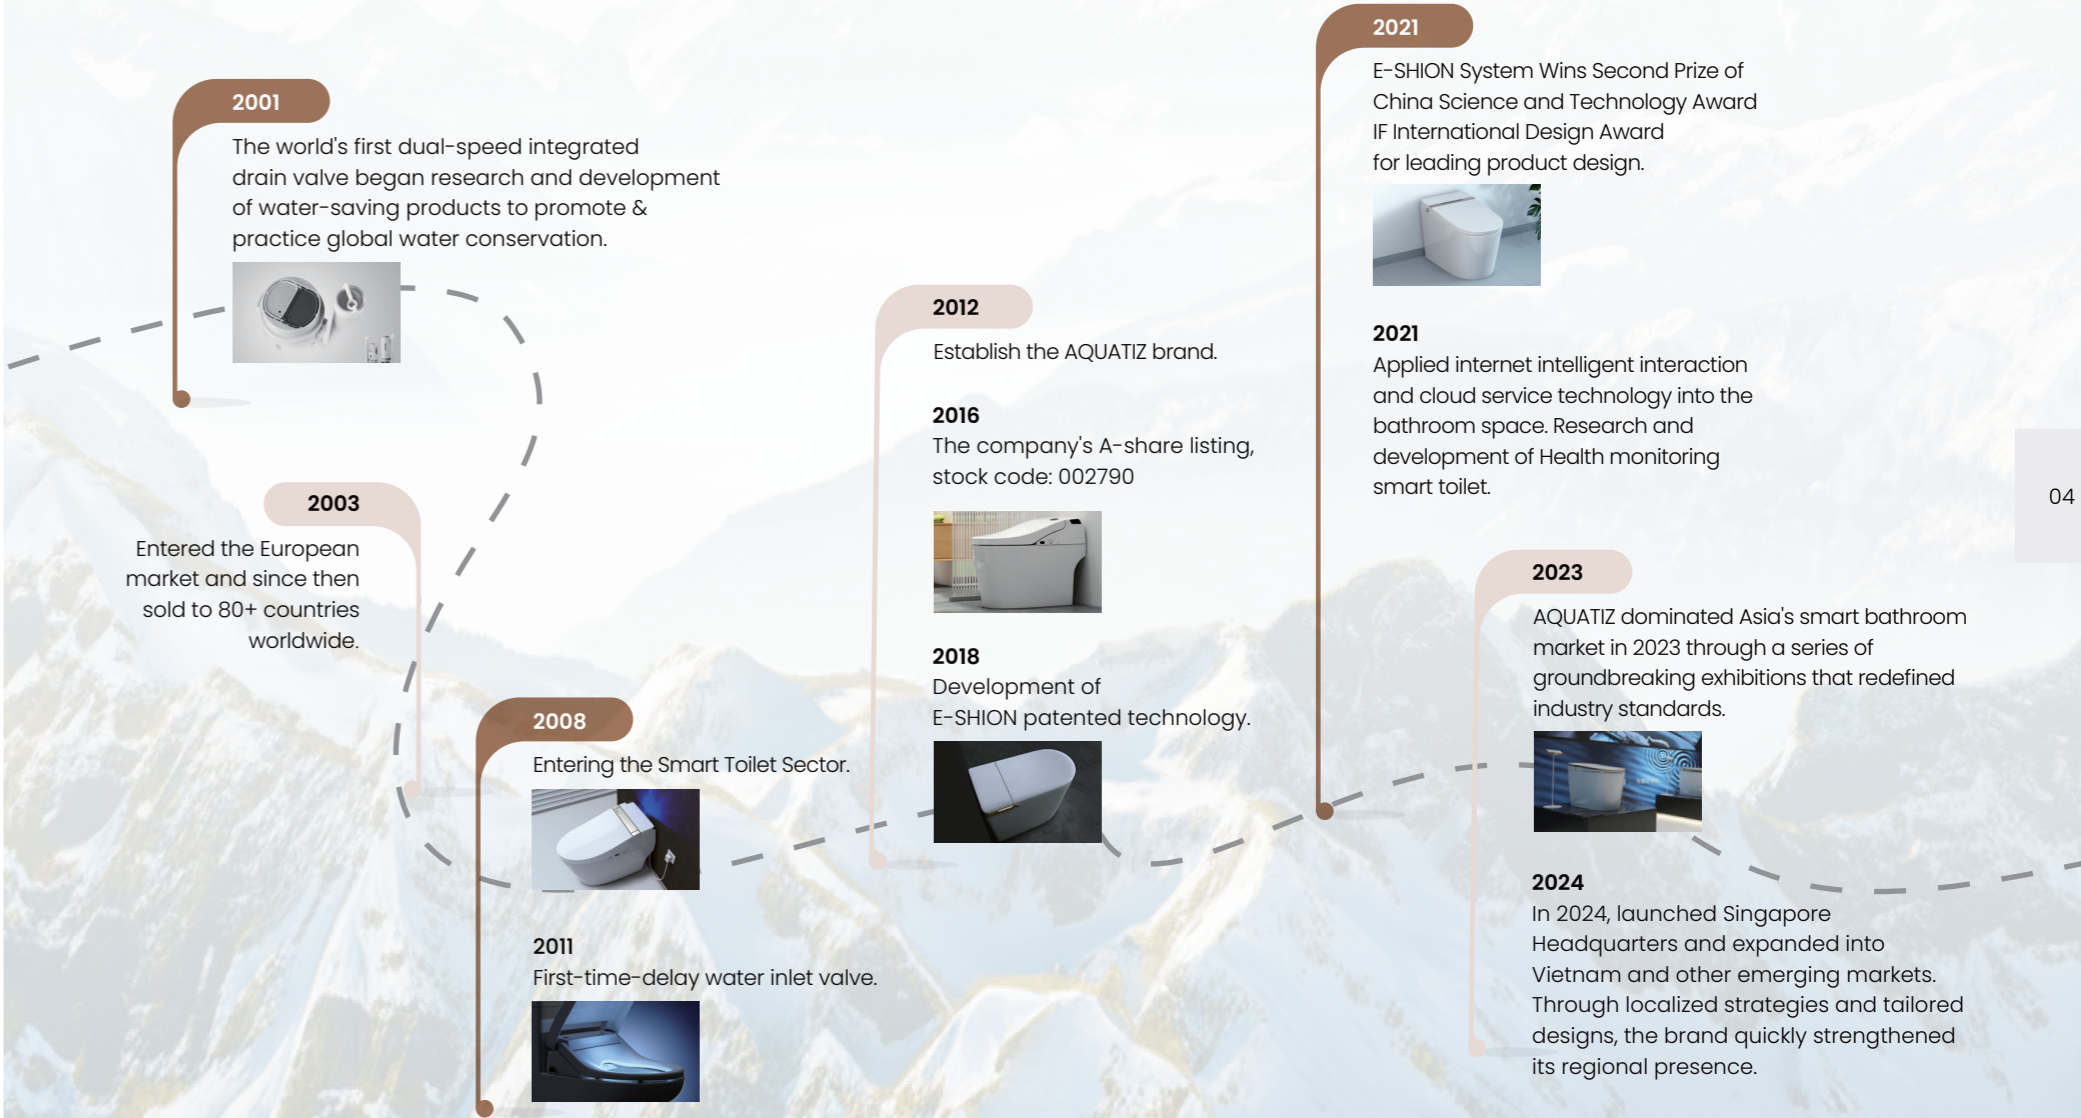

Life Art Home

AQUATIZ. Living life, a thought for the bathroom experience, by upholding the life-art-home concept, breaking the boundaries of the traditional bathroom, exploring the nuances of the bathroom space, to fulfil the various needs of households globally.

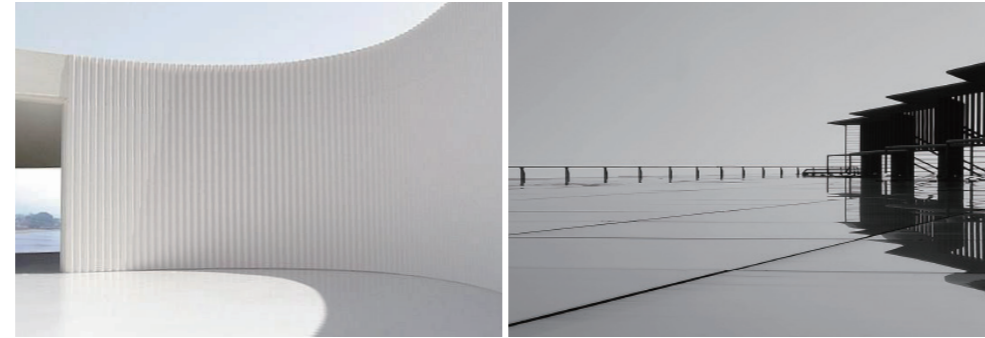

Year 2012, AQUATIZ Established. On a mission to develop intelligent sanitary ware, pushing boundaries, benefiting every household globally, AQUATIZ strives to allow every family enjoy the highest standards of bathroom experience with innovative sanitary ware.

HISTORICAL LEGACY

Our Brand Story

The ray of morning sunlight falling upon the Golden Gate Bridge in San Francisco, the Merlion Statue bathing in the darkness of the night. In these two bathroom spaces, 13,900 kilometers apart. AQUATIZ's intelligent bathroom system calibrates the ideal temperature in seconds, creating a comfortable bathroom experience for households of different ambient conditions.

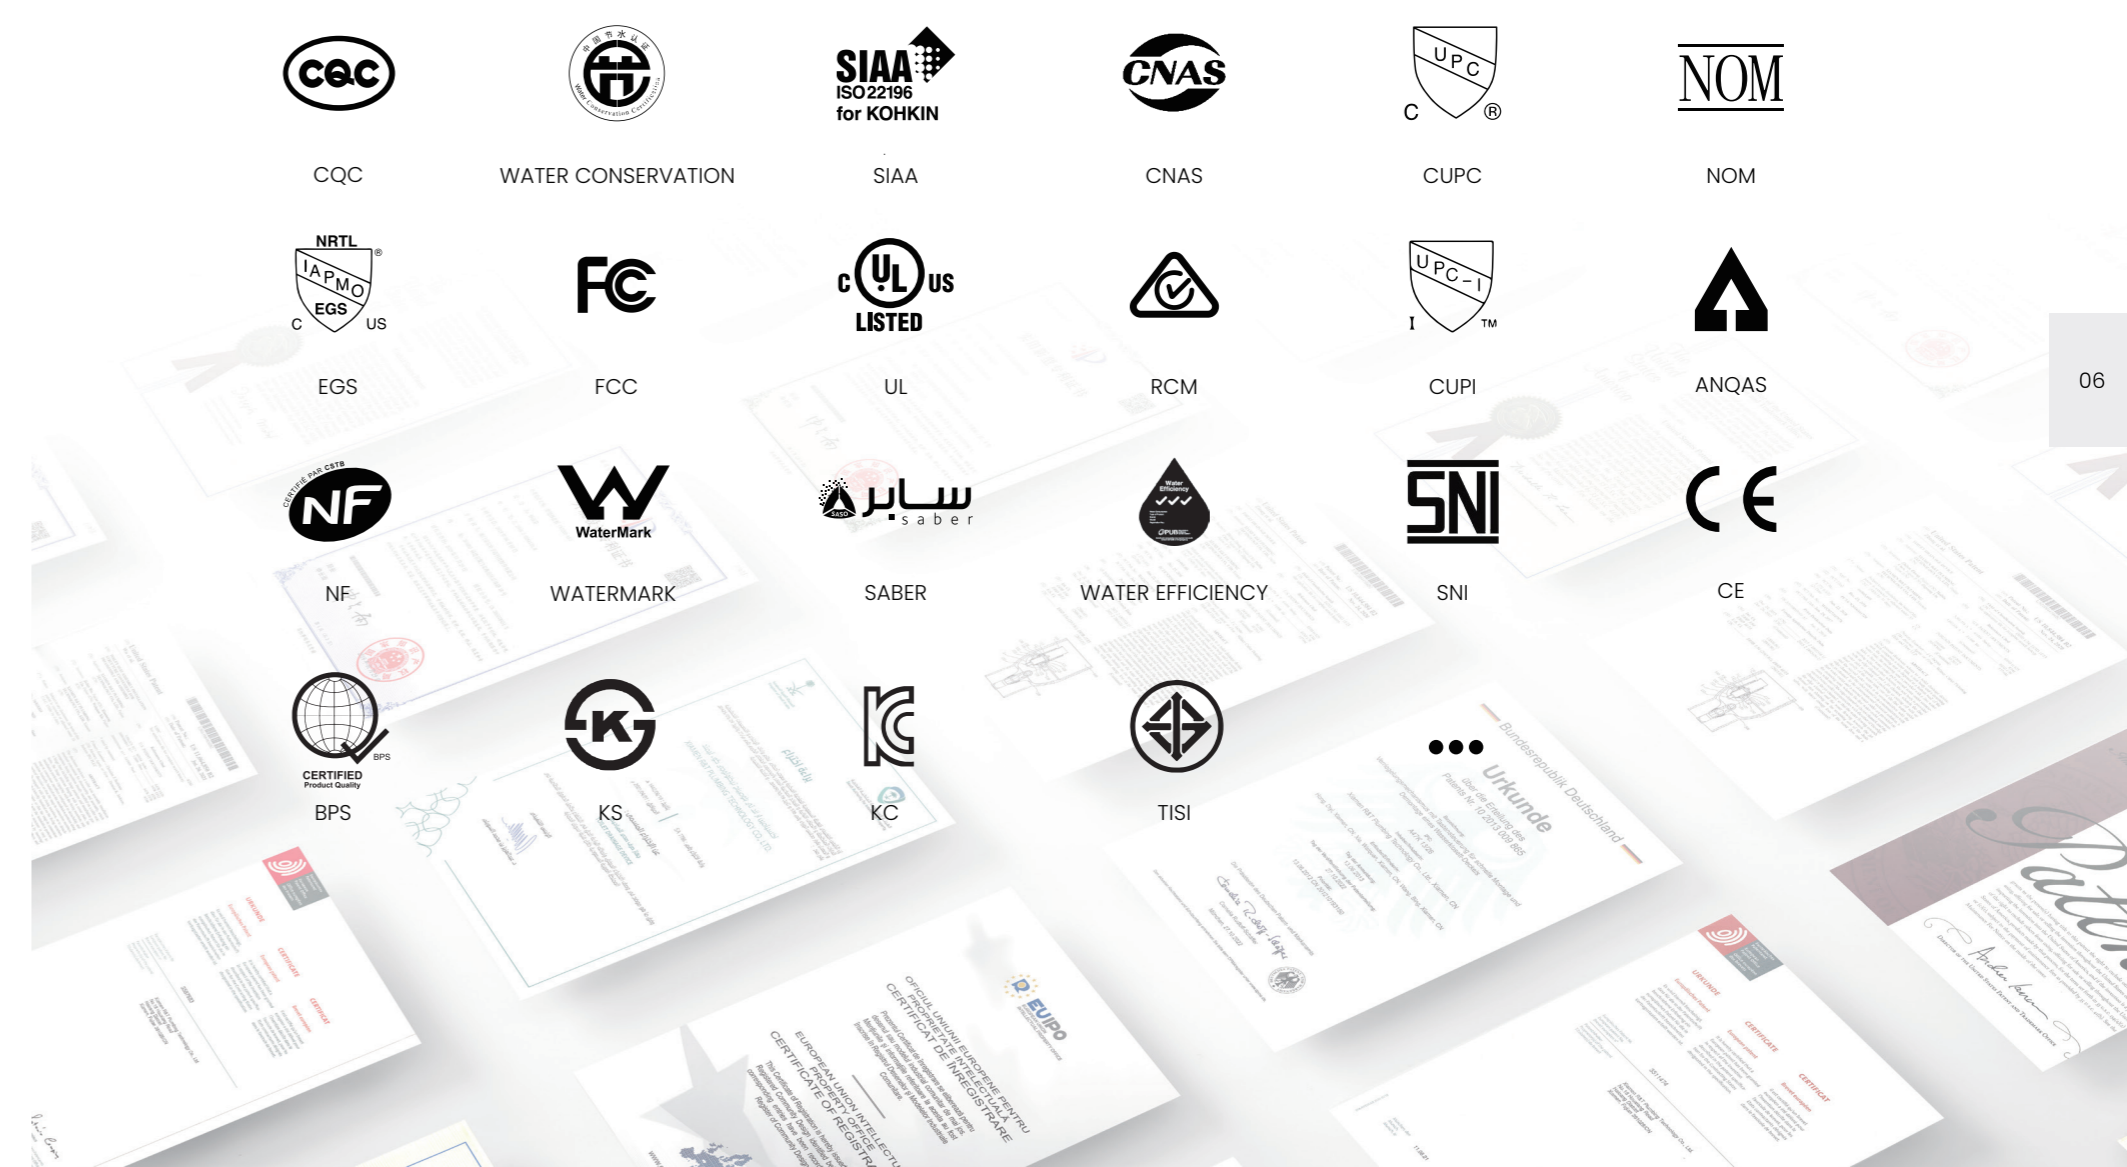

Enterprise Strength

- 300+** R&D Expertise
- 2000+** Valid Patents
- 80+** International Certificates

A technological breakthrough across three boundaries
 Geographical Boundary: From the extreme cold of Northern Europe to the humid heat of the equator, our all-season temperature calibration has passed ambient control tests in 479 locations, re-enforcing the effectiveness of smart bathroom's adaptability in homes on different latitudes and longitudes.
 Cognitive Boundary: Using the Venturi effect and double siphon technology to create a water-saving solution for smart bathrooms; adopting de-bacteria technology to reconfigure bathroom cleanliness standards.
 Cultural Boundary: 300+ Top engineers around the world x Red Dot Design Award gold medal team, accumulated patents of more than 1,800x certification for 80+ countries worldwide, to create a universal smart bathroom system.

The Future of Smart Bathroom Technology
 As the AI unit studies a user's bathroom habits, it will be able to customize the bathroom experience of different users - this is no longer a fantasy of the future, but a bathroom reality that AQUATIZ is upgrading simultaneously in 83 countries. We are reinventing what the next era of smart bathrooms will look like.

World-class Certifications Guaranteed Safety

SMART BIDET TOILET

07

Remote Control

IPX5 Waterproof
User-friendly for wet bathroom environment.

Longer Battery Life and High Quality
Included AAA batteries for power supply, which can last up to half a year. Tested to withstand 100,000+ times of repeated pressing to ensure the durability of the product.

1 Dual Cleansing

Patented dual cleansing technology

- 1st siphonic flushing: Removes the solid waste.
- 2nd siphonic flushing: Final cleanse of bowl and trapway.

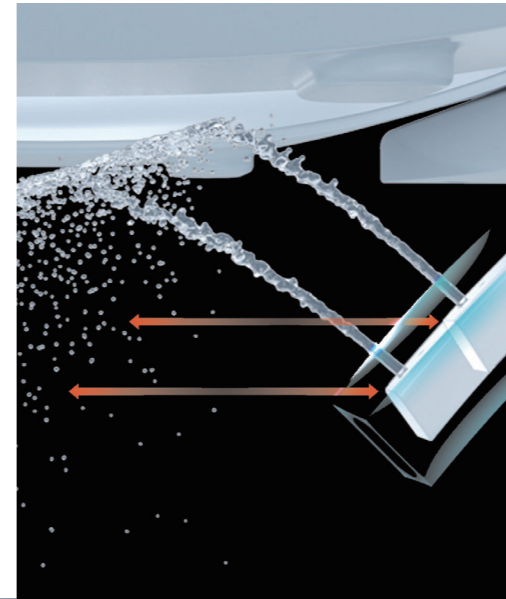

2 Top Heating Tube for Instant Warmth

High-quality ceramic heating tube heats clean water instantly. 41°F cold water can be heated to 95°F in one second, giving you the most intimate care in the cold winter.

3 Patented Arc-Shape Spray Wand

The sleek design and shape of the spray wand stays away from waste particles, creating a hygienic and precise cleaning experience.

4 Multiple Cleansing Modes

- Smart wash
- ✓ Wide and strong wash
 - ✓ Multiple cleansing modes, rear / front / oscillating wash
 - ✓ Self-cleaning and anti-bacterial nozzle
 - ✓ Multi-directional, multi-mode cleansing, feel different washing experience.

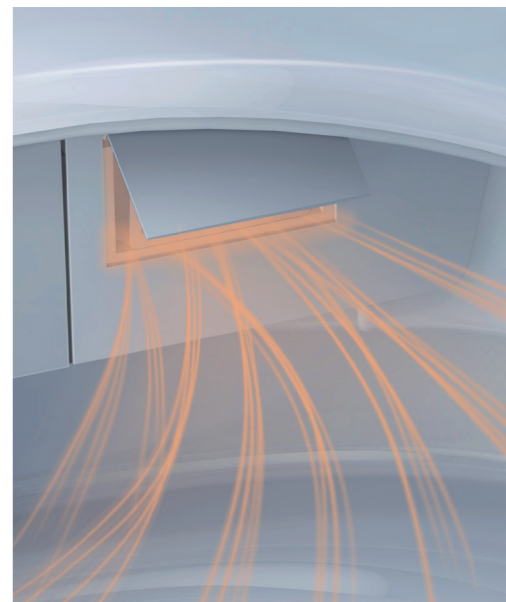

5 Thermostatic Comfortable Seat

- 6-level seat temperature: Precise temperature setting, choose the most suitable one according to the season.
- 3 temperature control safety protection: Heat balance, prevent overheating or low temperature burns.

6 Warm Air Drying

- ✓ The adjustable dryer ensures a dry and clean overall feeling.
- ✓ Eliminates the need of toilet paper and more hygienic.

A60 Built-in Tank Smart Toilet

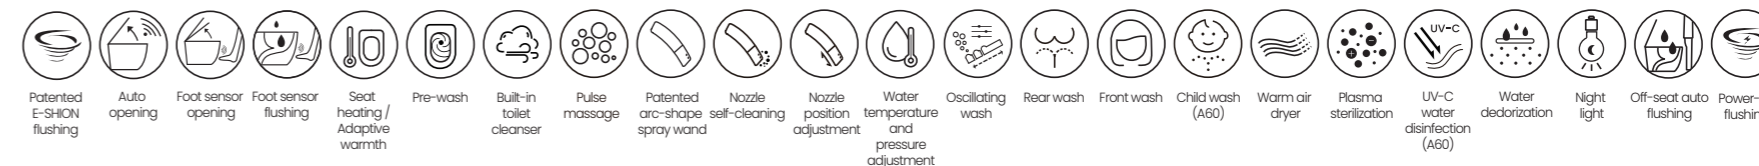

Product	A60
Dimension	702 × 407 × 496mm
Rough-in	150 / 240 / 305 / 400mm
Heating Mode	Instant heating
Flushing Mode	Siphonic flushing
Power Supply	220V / 50HZ

A series

Built-in tank smart toilet

With water tank & pump to enable almost ZERO water pressure flushing performance. The static water pressure ranges from 0.08 MPa to 0.8 MPa, with a flow rate of at least 1.5 liters in 10 seconds.
Remote control: VC39

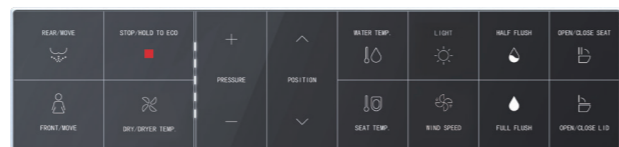

A series

Built-in tank smart toilet

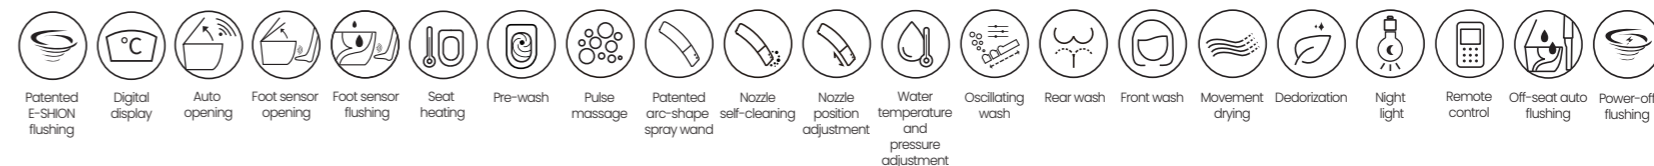

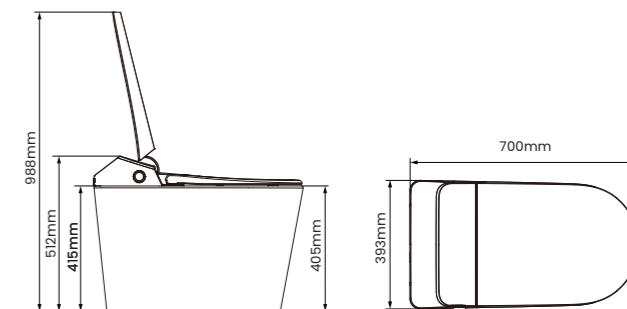

With water tank & pump to enable almost ZERO water pressure flushing performance. The static water pressure ranges from 0.08 MPa to 0.8 MPa, with a flow rate of at least 1.5 liters in 10 seconds. Remote control: VC39

A10 Built-in Tank Smart Toilet

Product	A10
Product size	700 × 393 × 512mm
Rough-in	150 / 240 / 305 / 400mm
Heating Mode	Instant heating
Flushing Mode	Siphonic flushing
Power Supply	220V / 50HZ

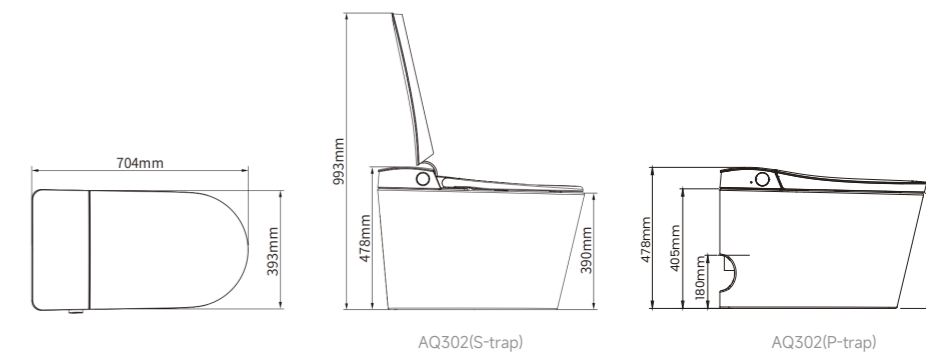

AQ302 / AQ302(P) Tankless Smart Toilet

Product AQ302 / AQ302(P)
Dimension 704 × 393 × 478mm
Rough-in 305 / 400mm
 P-trap (AQ302P)
Heating Mode Instant heating
Flushing Mode Siphonic flushing
Power Supply 220V / 60HZ

B/G series

Tankless Smart Toilets

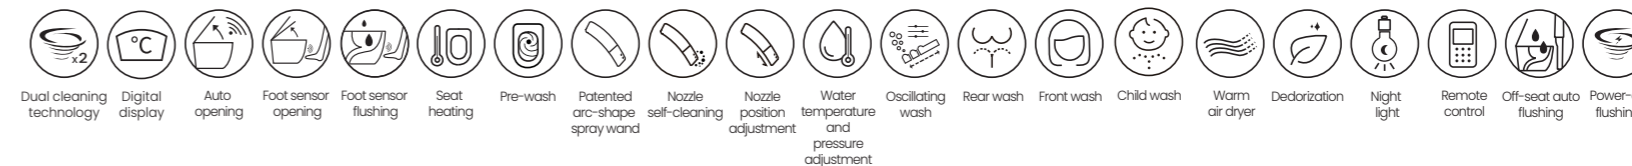

AQ302:

The static water pressure ranges from 0.14 MPa to 0.8 MPa, with a flow rate of at least 2.5 liters in 10 seconds.

AQ302(P):

The static water pressure ranges from 0.14 MPa to 0.8 MPa, with a flow rate of at least 2.5 liters in 10 seconds.

Optional remote control: VC39

B/G series

Tankless Smart Toilets

AQ301:

The static water pressure ranges from 0.14 MPa to 0.8 MPa, with a flow rate of at least 2.5 liters in 10 seconds.

AQ301 (P):

The static water pressure ranges from 0.14 MPa to 0.8 MPa, with a flow rate of at least 2.5 liters in 10 seconds.

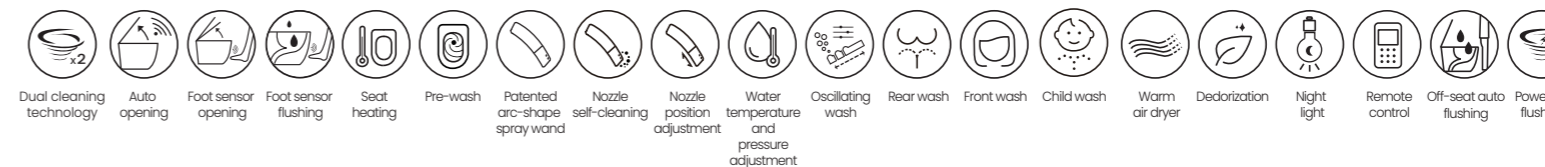

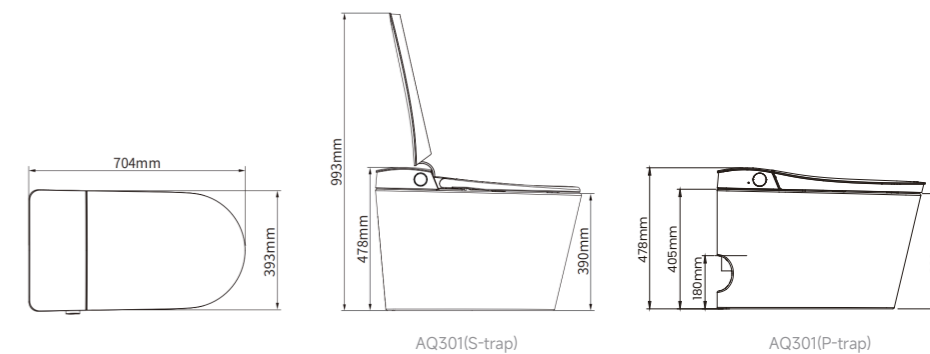

Optional remote control: VC39
