Lingxi Intelligent Agricultural Robot

Product Description

The Lingxi Intelligent Agricultural Robot is equipped with a powerful 165 kW power system, delivering sustained and stable energy to ensure highly efficient and smooth farming operations. Designed with excellent adaptability, it is compatible with a wide range of standardized agricultural implements, supporting various tasks such as tillage, land preparation, planting, and field management. Whether it's trenching, weeding, fertilizing, seeding, or rotary tilling, the robot handles each task with ease, meeting the diverse needs of different types of farmland. Its versatility makes it an ideal choice for large-scale farms and agricultural cooperatives.

Product Features

- ✓ Hybrid power (petrol-electric)
- ✓ Track drive
- ✓ Suspension system
- ✓ Three-point rear suspension system
- ✓ Excellent adaptability
- ✓ Compatible with standard tractor implements
- ✓ Supports multiple operational attachments

Product parameters

Item Name	Unit	Details
Dimensions	mm	4150*2650*2150(±5%)
Maximum speed	km/h	10(± 5%)
Total power output	kw	165
Total weight	KG	5000
Power source	/	Diesel、 lithium battery
Battery capacity	kwh	22
Rear output type	/	Three-point hitch
Rear output speed	RPM	540/1000
Maximum implement power	Kw	0-40
