Remote-Controlled Skid Steer Loader

Product Description

The remote-controlled multifunctional skid-steer loader is an innovative construction equipment that will revolutionize traditional operations in high-risk work environments. This machine integrates a skid-steer quick-attach system, making it an essential tool in roles such as multifunctional loader, backhoe loader, and compact construction machinery. With remote control operation, it provides a safer, more efficient, and user-friendly solution, especially for tasks that pose high risks to human operators. Designed with safety in mind, it is equipped with advanced security features, including: unique ID encoding technology to ensure exclusive control and prevent misoperation. Redundant control systems to enhance reliability, ensuring continued operation even in the event of a control circuit failure. Automatic power cutoff technology, which quickly shuts off the power source in emergencies to protect personnel and equipment.

Compared to traditional tracked loaders, the remote-controlled multifunctional skid-steer loader offers flexible skid-steer maneuverability, a compact size, and strong multifunctionality, making it more suitable for operations in narrow or complex environments. Whether for excavation, loading, or various other tasks, this equipment delivers excellent performance and safety, making it a reliable choice for construction sites.

Product Features

- 1 Retrieving materials from hard-to-reach areas such as drainage ditches, tanks and pipelines.
- 2 Suitable for working in hazardous environments and narrow spaces.
- 3 Performing diverse tasks in locations like cement factories.
- 4 Cleaning stationary and operating conveyor belt systems in mining.
- 5 Capabilities include trenching, snow blowing, drilling, leveling, multifunctional bucket (4 in 1 bucket), and hydraulic hammering for various multitasking operations.

Over 60 loader attachments available

Rotary Tiller

Scarifier

Lawn Mower

Lifting Hook

Log Grapple

Roller

Snow Blower

Light Weight Bucket

Snow Blade

Grapple Bucket

Grass Grapple
