LINKSY Intelligent Agricultural Robot

Product Description

The LINKSY Intelligent Agricultural Robot is equipped with a powerful 165 kW power system, delivering sustained and stable energy to ensure highly efficient and smooth farming operations. Designed with excellent adaptability, it is compatible with a wide range of standardized agricultural implements, supporting various tasks such as tillage, land preparation, planting, and field management. Whether it's trenching, weeding, fertilizing, seeding, or rotary tilling, the robot handles each task with ease, meeting the diverse needs of different types of farmland. Its versatility makes it an ideal choice for large-scale farms and agricultural cooperatives.

Product Features

- ✓ Hybrid power (petrol-electric)
- ✓ Track drive
- ✓ Suspension system
- ✓ Three-point rear suspension system
- ✓ Excellent adaptability
- ✓ Compatible with standard tractor implements

Product parameters

| Item Name | Unit | Details |
|-------------------------|------|------------------------|
| Dimensions | mm | 4150*2650*2150(±5%) |
| Maximum speed | km/h | 10(± 5%) |
| Total power output | kw | 165 |
| Total weight | KG | 5000 |
| Power source | / | Diesel、lithium battery |
| Battery capacity | kwh | 22 |
| Rear output type | / | Three-point hitch |
| Rear output speed | RPM | 540/1000 |
| Maximum implement power | Kw | 0-40 |
