

4U rackmount industrial computer

**DT-610X-JH110MA**

### Main feature

Intel® H110  
chipset

Support core  
6/7/8/9th

Support  
64G memory

VGA+HDMI

2\*Gigabit  
Ethernet

9\*USB ports  
(4\*USB3.0)

6\*COM ports  
(1\*RS232/422/485)

4\*PCI  
3\*PCIe

| Specific parameters |                                                                                                                                                      |
|---------------------|------------------------------------------------------------------------------------------------------------------------------------------------------|
| Chipset             | Intel H110 chipset                                                                                                                                   |
| CPU                 | LGA1151 architecture, support Intel Core 6/7/8/9 generation processors                                                                               |
| Memory              | 2*DDR4 Dual CH SDRAM Memory slots 2133 MHz, Support 64G memory                                                                                       |
| Display             | 1*HDMI, 1*VGA                                                                                                                                        |
| Harddisk            | 4*SATAIII port、1*M.2 M-Key                                                                                                                           |
| Network             | 1*Intel I211-AT Gigabit Ethernet、1*Intel I219-LM Gigabit Ethernet                                                                                    |
| Expand              | 4*PCI+1*PCIEx16+1*PCIEx4or4*PCI+1*PCIEx16+2*PCIEx1                                                                                                   |
| COM                 | 6*COM ports(1*RS232/422/485)                                                                                                                         |
| USB                 | 9*USB ports(4*USB3.0,2*USB2.0 back, 2*USB2.0 (in), 1*USB2.0)                                                                                         |
| I/O front panel     | 2*front USB2.0 ports, 1*power button, 1*reset button, 1*power indicator light, 1*hard disk status indicator light, 1*DVD drive slot                  |
| I/O back panel      | 1*PS/2 port, 4*USB3.0 ports, 2*USB2.0 ports, 2*Gigabit Ethernet ports, 1*VGA port, 1*HDMI port, 3*audio ports, 6*COM ports, 1*parallel port, 1 AC IN |
| Audio               | Line-Out, Line-in, MIC                                                                                                                               |
| Sound Card          | —                                                                                                                                                    |
| Power               | 300W Power supply (replaceable 550W power supply)                                                                                                    |
| Size                | 430(or 482)x471x176mm(width*depth*height)                                                                                                            |
| Weight              | About 23Kg                                                                                                                                           |
| Support system      | Windows10、Linux                                                                                                                                      |
