

## Advantech Industrial Computer

### EPC-B2205

#### Main feature

Intel® H110  
Chipset

Core 6th  
generation CPU

Supports up to  
32G memory

VGA+DVI-D+DP  
dual display

2\*Intel  
Gigabit Ethernet

10\*USB port  
( 4\*USB3.0 )

4\*COM port  
(1\*RS232/422/485)

1\*PCIeX16 slot

|                 | Specific parameters                                                                                                                   |
|-----------------|---------------------------------------------------------------------------------------------------------------------------------------|
| Chipset         | Intel® H110 chipset                                                                                                                   |
| CPU             | LGA1151 architecture, supports Intel Core 6th generation i3/i5/i7 processors                                                          |
| Memory          | 2*DDR4 SODIMM memory slots, 2133/2400MHz, supports up to 32G                                                                          |
| Display         | 1*VGA interface, 1*DVI-D interface, 1*DP interface                                                                                    |
| Harddisk        | 2*SATAIII interface, 1*M.2 B Key interface                                                                                            |
| Network         | 2*Realtek RTL8111G Gigabit network port                                                                                               |
| Expand          | 1*PCIeX16 slot, 1*Mini PCIe slot                                                                                                      |
| COM             | 4*COM interface (1*232/422/485 )                                                                                                      |
| USB             | 10*USB2.0 interface                                                                                                                   |
| I/O front panel | 2*front USB2.0 interface, 1*power button, 1*reset button, 1*power indicator, 1*hard disk status indicator, 4*COM interface            |
| I/O back panel  | 4*USB2.0 interface, 4*USB3.0 interface, 1*VGA interface, 1*DVI-D interface, 1*DP interface, 2*Gigabit network port, 3*audio interface |
| Audio           | line-in interface, line-out interface, Mic-in interface                                                                               |
| Sound card      | Realtek ALC892 audio                                                                                                                  |
| Power supply    | 150W rated power                                                                                                                      |
| Size            | 250*255*98mm (width*depth*height)                                                                                                     |
| Weight          | About 3.8Kg                                                                                                                           |
| Support system  | Windows server 2016、Windows server 2019、Linux、Centos、Ubuntu<br>Windows 7、Windows 8、Windows 10、Windows server 2008                     |
