

Motor direction: when green wire connected to +24V DC, the blue wire connected to GND, the actuator locked

Slave actuator with Promata motor
 Push/pull force: >6.0 Kgs
 Life cycle: >100,000 times
 ABS housing
 Ultrasonic welding
 IPX3
 Swivel head
 24V
 Working Stroke: 21 ± 1mm
 Working temperature: -40° C ~ +80° C
