

## **DS001H plastic 12V waterproof outdoor plastic battery box**

Battery Box, 6V Outdoor Waterproof Battery Box for Marine, Automotive, RV, Boat, Camper and Travel Trailer Batteries

1、 Fit Type: Universal Fit

2、 Keeps your battery safe; limits water entry, effectively collects battery acid, allows adequate ventilation, and protects against accidental contact of battery terminals

3、 Unique patented design; features locking tabs to securely fasten the lid to the base, reinforced handles to prevent cracking during relocation, and vent caps to limit water entry

4、 Limits battery movement and protects against accidental shorting of battery terminals, as well as, collects battery acid and allows adequate ventilation

5、 Built for rugged environments with an impact resistance down to minus 20-degrees Fahrenheit, and unaffected by acid, gas, oil, as well as, UV exposure

**Battery Box, 6V Outdoor Waterproof Battery Box for Marine, Automotive, RV, Boat, Camper and Travel Trailer Batteries**

### **Product description**

Product name: plastic 12V waterproof outdoor plastic battery box

Product Dimensions: 8 x 5.2 x 7 inches

Voltage: 12V

Introducing our high-quality plastic 12V waterproof outdoor plastic battery box, designed to keep your battery safe and secure in any environment. This universal fit battery box features a unique patented design with locking tabs to securely fasten the lid to the base, ensuring that your battery remains protected at all times.

Our battery box is built to withstand rugged environments, with an impact resistance down to minus 20-degrees Fahrenheit. It is also unaffected by acid, gas, oil, and UV exposure, making it the ideal choice for outdoor use. The durable construction limits battery movement and protects against accidental shorting of battery terminals, providing you with peace of mind knowing that your battery is well-protected.

In addition to its protective features, our battery box is designed to collect battery acid and allow adequate ventilation, ensuring the longevity and performance of your battery. This ensures that your battery remains in optimal condition, even in harsh outdoor conditions.

Whether you're using it for marine, RV, or other outdoor applications, our battery box is the perfect solution for keeping your battery safe and secure. Its universal fit makes it suitable for a wide range of battery sizes, and its high-quality construction ensures that it will stand the test of time.

Invest in the protection of your battery with our high-quality plastic 12V waterproof outdoor plastic battery box. With its durable design and innovative features, you can trust that your battery will remain safe and secure, no matter where your adventures take you.

Product name	plastic 12V waterproof outdoor plastic battery box
