### **Short description**

#### **DS006M-Waterproof motorcycle QC3.0 USB -A + PD USB-C charger with LED voltmeter and button switch**

Plug and play with switches, voltmeters, iphones and most Android phones charge faster, and Intelligent, dynamic control of charging voltage and current, no harm to the mobile phone, waterproof, durable quality;

#### **Product description**

Input voltage: 12V-24V  $\pm$  4.0V

USB (output) voltage: 5V  $\pm$  0.25V

Output Current: 5V 3A; 9V 2A ;12V 1.5V

Power: 60W

Introducing the DS006M Waterproof Motorcycle QC3.0 USB-A + PD USB-C Charger with LED Voltmeter and Button Switch.

Riding your motorcycle just got more convenient with the DS006M Waterproof Motorcycle Charger. This innovative product is designed to provide a seamless charging experience for your electronic devices while on the go. With its advanced features and durable construction, it is the perfect accessory for any motorcycle enthusiast.

Equipped with a blue digital LED voltmeter, the DS006M charger allows you to monitor the voltage of your motorcycle's battery, ensuring that you are always aware of its status. The display range of 8V-30V provides accurate readings, giving you peace of mind during your rides.

Crafted from high-quality aluminum alloy, the charger is not only durable but also adds a sleek and modern touch to your motorcycle. The plug and play design makes installation a breeze, allowing you to quickly and easily set up the charger without any hassle. The full-covered rubber cap and groove provide protection against water and dust, ensuring that the USB ports remain clean and functional even in challenging weather conditions. This feature makes the DS006M charger a reliable and long-lasting addition to your motorcycle.

With its dynamic voltage and current adjustment, the charger is designed to prioritize the safety and longevity of your electronic devices. The intelligent technology adapts to the temperature of your phone, preventing any potential harm to its battery.

Additionally, the built-in switch eliminates the need to repeatedly plug and unplug the hell a din plug, offering a more convenient and user-friendly experience.

In conclusion, the DS006M Waterproof Motorcycle QC3.0 USB-A + PD USB-C Charger with LED Voltmeter and Button Switch is a must-have accessory for any motorcycle rider. Its advanced features, durable construction, and user-friendly design make it the perfect solution for all your charging needs while on the road. Experience the convenience and reliability of the DS006M charger and elevate your riding experience today.

Product Name	QC3.0 USB -A + PD USB-C charger
Input Voltage	12V-24V

Output Voltage	5V-12V
Output Current	3A
Material	Aluminum alloy
Illuminated or not	Yes
Led Color	Blue(or Green,Red Color)
