

Item name: DS007G 120W Caravans Camper CBE 12v Auto Cigar Socket

Short description:

DS007G CBE 12V Socket Easy Install 120W Caravans Camper CBE 12v Auto Cigar Socket Universal Interior Cigar Aux Socket Square CBE System

1.Product name: CBE 12V Socket

2.Voltage: 12V DC

3.Current: 10 A

4.Material: ABS

DS007G CBE 12V Socket Easy Install 120W Caravans Camper CBE 12v Auto Cigar Socket Universal Interior Cigar Aux Socket Square CBE System

Easy to Install: Compact low profile design, easy fitting (four screws).

Application: Caravans, camper, motorhomes, boats, and other vehicles.

C-Line System: This is part of a modular system similar and compatible with the C-Line system and mainly used in leisure vehicles.

More Choice: Being modular , there are many options as to the fitting method, plus there is a choice of low profile or standard face plates.

Note: Although these are compatible with the C-Line system we cannot guarantee that shades of surrounds etc will be a match if mixing.

When it comes to outfitting leisure vehicles such as caravans, campers, motorhomes, and boats, the DS007G CBE 12V Socket is the ideal choice for a seamless and convenient power solution. With its compact low profile design and easy fitting with just four screws, installation is a breeze, making it a hassle-free addition to any vehicle interior. This interior cigar aux socket is part of the C-Line system, ensuring compatibility and ease of integration with other modular components. The versatility of this system allows for various fitting methods and offers a choice between low profile or standard face plates, providing more options to suit individual preferences.

The DS007G CBE 12V Socket is designed for practicality and convenience, catering to the specific needs of leisure vehicle owners. Its easy installation process means that users can quickly and effortlessly equip their vehicles with a reliable power source, enhancing the overall functionality and usability of the interior space. Whether it's for charging electronic devices, powering appliances, or other electrical needs, this 120W socket offers a dependable solution for on-the-go power requirements. Its universal compatibility and seamless integration with the C-Line system make it a versatile and practical choice for a wide range of leisure vehicles.

In conclusion, the DS007G CBE 12V Socket stands out as an essential component for leisure vehicle interiors, offering a seamless and convenient power solution. Its easy installation, compatibility with the C-Line system, and modular design make it a versatile and practical choice for caravans, campers, motorhomes, boats, and other vehicles. With its compact low profile and various fitting options, this interior cigar aux socket provides users with a reliable and customizable power source, enhancing the overall functionality and convenience of their leisure vehicles.

Product	12v Cigar Socket
Type	Cigar Aux Socket
Voltage	12V
Power	120W
Current	10A
Size(L*W)	About 52x52mm/2.05x2.05inch
Suitable for	the caravan / motorhome industry
Product installation range	cars,off-road vehicles,buses,RVs,yachts,boats,etc.
