

**Item name:**DS011L Three QC3.0 USB Charger Socket USB Outlet Fast Charge

**Short description:**

DS011L 12V-24V Multiple Car USB Socket 20W PD USB-C & Two QC3.0 Ports with Power Switch Fast Car Charger Socket for Car Marine

- 1.Three Charger Sockets:2 QC 3.0 USB chargers and 1 Super-fast TYPE C PD charger (PD-Power Delivery Technology)
- 2.Type C PD Charger:Power Delivery Technology optimized superfast charging up to 30W.
- 3.Quick Charge 3.0:Designed with dual USB ports supporting QC 3.0, whose max single output is 18W.
- 4.simply wire USB charger to battery source and turn ON and OFF when in use
- 5.Waterproof and Heat resistance: Made of advanced aluminum alloy+PVC materials with IP66 sealing, the 12v car socket works well in high and low temperature environments (from -40F to 140F).

## **DS011L 12V-24V Multiple Car USB Socket 20W PD USB-C & Two QC3.0 Ports with Power Switch Fast Car Charger Socket for Car Marine**

### **Specification:**

Type: dual QC3.0 USB Car charger with switch

Light Color: Blue or Red or Green Led Voltage Display

Rated: DC 12/24V

Material: ABS+ AL ALLOY

Size: 53\*34\*27mm

Equipped with 2 QC 3.0 USB chargers and 1 super-fast TYPE C PD charger, this device is capable of delivering optimized superfast charging up to 30W. The Power Delivery Technology ensures that your devices are charged at maximum speed, keeping you connected and productive at all times.

The dual USB ports support QC 3.0, with a maximum single output of 18W, allowing you to charge multiple devices simultaneously without compromising on speed or efficiency. Whether it's your smartphone, tablet, or other USB-powered devices, this charger has got you covered.

The 12V Car Socket USB Charger is designed for convenience and ease of use. Simply wire it to a battery source and turn it on and off as needed. Its durable construction, made of advanced aluminum alloy and PVC materials with IP66 sealing, ensures that it performs well in high and low temperature environments, ranging from -40F to 140F. This makes it ideal for use in various weather conditions and ensures its longevity and reliability.

This cutting-edge device is designed to provide fast and efficient charging for all your electronic devices while on the go. With its advanced features and durable construction, it is the perfect solution for staying powered up during your travels.
