

DS014B Dual port blue led USB Charger Socket

DS014B 5V 4.8A 12V 24V Waterproof USB Power Outlet Dual port blue led USB Charger Socket for Car Boat ATV UTV Camper Caravans

- 1.Input: DC12/24V (Dual Voltage)
- 2.Laser entched backlite
- 3.Short circuit / Overheat protection / Reverse polarity protection
- 4.Unique water-tight cap (IP65 when sealed)
- 5.Standardized 1-1/8" cut-out

DS014B 5V 4.8A 12V 24V Waterproof USB Power Outlet Dual port blue led USB Charger Socket for Car Boat ATV UTV Camper Caravans

Material: Waterproof and Heat Resistant; With waterproof grade, made of high and low temperature resistant nylon flame retardant materials, high or low temperature-resistant.

Blue core USB

BLUE LED

Two port 2.4A large current charger

Charges 2 Smartphones / Tablets at full speed at the same time

The charger features two USB ports, allowing you to charge two devices simultaneously at fast speeds. With a combined output of 5V 4.8A, it ensures that your smartphones, tablets, cameras, or other USB-powered gadgets receive the power they need quickly and efficiently. Whether you're on a long road trip, out on the water, or exploring off-road terrains, this charger keeps your devices charged and ready for action.

Built with durability in mind, the waterproof design ensures that your charger can withstand harsh environmental conditions. It's engineered to resist water splashes, making it suitable for marine environments and outdoor adventures where water exposure is common. The charger's sturdy construction also makes it resistant to dust and other elements, ensuring its longevity even under demanding use.

Equipped with blue LED indicators, the charger offers clear visibility in low-light conditions. These LEDs provide an instant visual confirmation that the charger is properly connected and functioning, enhancing user convenience and safety during nighttime or poorly lit environments.

Installation is straightforward, making it easy to integrate into your vehicle or recreational equipment. The charger is compatible with both 12V and 24V electrical systems, catering to a wide range of applications from cars to larger vehicles like boats and caravans. Its compact size ensures that it fits seamlessly into tight spaces without compromising functionality.

In summary, the 5V 4.8A 12V 24V Waterproof USB Power Outlet is a must-have accessory for anyone who values reliability and performance in their charging solutions. Whether you're an avid traveler, a boating enthusiast, or simply someone who spends a lot of time on the road, this dual-port charger provides the power you need, when and where you need it. Invest in this high-performance charger today and never worry about running out of juice again.

Product Name	Dual port blue led USB Charger Socket
Input Voltage	12V-24V

Output Voltage	5V
Operating Temperature	-25°C ~+60°C
Material	ABS
Terminal type	2 Pin Terminals
