

DS023M Waterproof Motorcycle USB with switch

DS023M Universal 12-24V Waterproof USB Motorcycle & Auto Charger: Dual Purpose Power Socket Adapter for Seamless Device Charging on the Go

- 1、 Including USB charger, ON OFF switch,save more spaces, easier to use and more functional
- 2、 It comes with a waterproof USB cover and the switch interface cover with a waterproof & dust-proof cover, which is fully competent for Outdoor Usage
Turn ON/OFF the charge when don't need to use, more enegy saving
- 3、 Applicable models: 12V Motorcycle, ATV, Cross bike, Scooters and so on
Application: For most phones, tablet,GPS or any other device using USB power
- 4、 Digital voltage display helps to monitor vehicle's electrical safety and the 4.75 feet long (1.45 meters) cable with built-in fuse ensure great safety and reliability.
- 5、 This USB Charger Socket is made by ABS Environmental Protection Material, which is fire-retardant, high and low temperature resistant and anti-corrosive, charging faster and more secure.

DS023M Universal 12-24V Waterproof USB Motorcycle & Auto Charger: Dual Purpose Power Socket Adapter for Seamless Device Charging on the Go

Product description

Product name: Waterproof Motorcycle USB with switch

Input voltage and current: 12V/5A

output voltage and current: 5V/1.5A

Use: Mobile Phone

Color: Black

MOQ: 10pcs

Logo: Accept Customized Logo

Material: ABS, Plastic

Function: QC2.0, QC3.0

Material: ABS

Output Power: 7.5W

Input: 12-24V

Introduction:

Introducing our Universal 12-24V Waterproof USB Motorcycle & Auto Charger, the ultimate solution for seamless device charging on the go. This innovative power socket adapter is designed to provide convenient and reliable charging for a wide range of devices, including phones, tablets, GPS units, and more.

Equipped with a USB charger, ON/OFF switch, and digital voltage display, this charger offers unparalleled functionality and ease of use. The ON/OFF switch allows users to conserve energy by turning off the charger when not in use, while the digital voltage display provides valuable insight into the vehicle's electrical safety.

Crafted from high-quality ABS environmental protection material, this charger is not only durable and long-lasting but also waterproof, making it suitable for use in

various weather conditions. The 4.75 feet long (1.45 meters) cable provides ample reach and flexibility, ensuring that you can easily charge your devices without any hassle.

Whether you're on a motorcycle or in a car, this versatile charger is the perfect companion for your travels. Its universal compatibility with 12-24V power sources makes it suitable for a wide range of vehicles, and its compact design saves space while ensuring seamless device charging.

Say goodbye to the inconvenience of running out of battery on the road. With our Universal 12-24V Waterproof USB Motorcycle & Auto Charger, you can stay connected and powered up wherever your adventures take you. Don't let a dead battery slow you down – experience the convenience and reliability of our dual-purpose power socket adapter today.
