DS040M motorcycle cigarette lighter socket

##### DESCRIPTION:

DS040M is suitable for BMW motorcycle modification charger TYPE-C and QC3.0 dual port fast charging European standard cigarette lighter socket

Product features:

1. Using aluminum alloy material with good collision resistance
2. TYPE-C and QC3.0 charging ports, suitable for charging various devices
3. It has multiple protection functions, such as overvoltage and undervoltage, input overvoltage, output overcurrent, short circuit protection, etc
4. Can be used for various means of transportation such as cars, motorcycles, beach bikes, etc

#### **DS040M is suitable for BMW motorcycle modification charger TYPE-C and QC3.0 dual port fast charging European standard cigarette lighter socket**

The BMW Motorcycle Modification Charger, a cutting-edge accessory designed to meet the fast-charging needs of modern riders. Crafted from high-quality aluminum alloy, this charger boasts exceptional collision resistance, ensuring durability and longevity even in the most demanding riding conditions.

Equipped with both TYPE-C and QC3.0 dual ports, this charger is versatile and compatible with a wide range of devices, making it an essential companion for tech-savvy motorcycle enthusiasts. Whether it's a smartphone, tablet, or other electronic gadgets, this charger provides efficient and rapid charging, keeping your devices powered up throughout your journey.

Safety is paramount, and this charger is designed with multiple protection functions, including overvoltage and undervoltage protection, as well as short circuit protection. This ensures that your devices and your motorcycle's electrical system are safeguarded from potential damage, giving you peace of mind while on the road.

Versatility is another key feature of this charger. With its European standard cigarette lighter socket, it can be seamlessly integrated into various means of transportation, including cars, motorcycles, beach bikes, and more. This adaptability makes it a practical and convenient charging solution for riders with diverse vehicles in their arsenal.

In conclusion, the BMW Motorcycle Modification Charger is a premium accessory that combines advanced technology, robust construction, and comprehensive safety features. Whether you're embarking on a long-distance tour or simply navigating urban streets, this charger ensures that

your devices stay powered, allowing you to stay connected and focused on the ride ahead. Upgrade your riding experience with this reliable and efficient charging solution.

Product name	DS040M motorcycle cigarette lighter socket
Model	DS040M
material	Aluminum alloy material
temperature	-20°C-80°C
current	3.4A
Voltage	12-24V
Power	30W
Led color	Blue/Red/Green
Weight	35g
