DS041M Motorcycle Electric Car Phone 5V 1.5A Charger Motorcycle Cigarette Lighter Car USB Waterproof Modification 12V With fast nut & Bracket

A versatile and reliable accessory designed to meet the charging needs of motorcycle enthusiasts. This innovative product is equipped with a range of features that make it a must-have for riders seeking a convenient and efficient charging solution.

The Motorcycle Electric Car Phone Charger is built with dual insurance, ensuring safer charging and a longer service life. This feature provides peace of mind to users, knowing that their devices are being charged in a secure and reliable manner. Additionally, the product comes with a waterproof and dustproof cover, allowing it to withstand harsh weather conditions such as rain and snow. This makes it an ideal choice for riders who frequently encounter challenging environments during their journeys.

Furthermore, the charging port of the Motorcycle Electric Car Phone Charger is equipped with a blue light indicator, making it easy to locate and use in dark or low-light conditions. This added convenience ensures that riders can charge their devices without any hassle, regardless of the time of day or weather conditions. With a 60CM power cord, the charger can easily meet installation requirements, providing flexibility and ease of use for riders.

Overall, the Motorcycle Electric Car Phone Charger offers a combination of safety, durability, and convenience, making it an essential accessory for motorcycle enthusiasts. Whether you're embarking on a long-distance ride or simply commuting in the city, this charger provides a reliable solution for keeping your devices powered up while on the go. With its robust construction and user-friendly features, the Motorcycle Electric Car Phone Charger is a valuable addition to any rider's gear collection.
