1.   DS201V/DS202V

DS201/202V New square dual USB interface voltage display screen

DS201/202V New product temperature meter, current meter, voltage meter, USB four purpose car mounted

1. Voltmeter and charging multifunctional

2. Intelligent dual USB output

3. New square display screen

4.Charging base bracket

DS201/202V New product temperature meter, current meter, voltage meter, USB Four purpose car mounted
Specification:

100% brand new and high quality
Net Weight: 30g
Material: PC、ABS
Body color: Black
Power Input: DC 12V-24V
Port: voltmeter and thermometer
  DS201/202V, the latest innovation in temperature, current, and voltage measurement technology. This new product is a versatile and multifunctional

device designed to meet the diverse needs of modern consumers.

The DS201/202V is not just a temperature meter, current meter, or voltage meter - it is all of these and more. With its USB four-purpose car-mounted design, this device is a true all-in-one solution for monitoring and managing power and temperature in various settings.

One of the key features of the DS201/202V is its voltmeter and charging multifunctionality. This allows users to not only measure voltage levels but also conveniently charge their devices on the go. The intelligent dual USB output further enhances its usability, providing efficient and reliable charging for multiple devices simultaneously.

The new square display screen of the DS201/202V offers clear and easy-to-read information, ensuring that users can quickly and accurately monitor the temperature, current, and voltage levels. Additionally, the charging base bracket provides a stable and secure mounting solution for the device, making it ideal for use in vehicles or other mobile settings.

Product Name	New square dual USB interface voltage display screen
Input Voltage	12V-24V
Material	PC、ABS
Terminal type	No
Illuminated or not	Yes
Led Color	blue
Housing color	Black
Accessories	Nut
Order confirm	* What LED Color?
What You Get	1X voltmeter and 2 USB，blue LED
