

Item name: DSA03 20cm Connector Cord Cable Wire Harness

DSA03 Car Marine Motorcycle ATV RV 20cm Connector Cord Cable Wire Harness for Cigarette Lighter USB Charger Socket

Item Number: DSA03

1.cable length: 20cm

2.Material: ABS Plastic and Pure copper

3.cable color : red and black

Launched Car Marine Motorcycle ATV RV 20cm Connector Cord Cable Wire Harness, suitable for car, boat, motorcycle, ATV and RV modification. This innovative product is designed to provide convenient and reliable power for a variety of vehicles and applications.

The Connector Cord Cable Wire Harness has a cable length of 20 cm to suit a variety of installation requirements. Made from high-quality ABS plastic and pure copper, this cable harness is designed to withstand the rigors of automotive and marine environments. The cable's red and black color coding ensures easy identification and installation.

The Connector Cord Cable Wire Harness is equipped and provides overcurrent protection, making it a safe and reliable power solution for your vehicle. The included cigarette lighter USB charger socket adds versatility, allowing you to charge your devices on the go.

This cable harness is ideal for automotive, motorcycle, ATV, RV and marine applications. Whether you want to upgrade your vehicle's power capabilities or need reliable power for your marine electronics, the Connector Cord Cable Wire Harness is the perfect solution.

Installation is a breeze thanks to the Connector Cord Cable Wire Harness's user-friendly design. Simply connect the wiring harness to your vehicle's power source and enjoy the convenience of a reliable power outlet at your fingertips.

With its durable construction and versatile functionality, the Car Marine Motorcycle ATV RV 20cm Connector Cord Cable Wire Harness for Cigarette Lighter USB Charger Socket is a must-have accessory for anyone looking to enhance their vehicle's power capabilities. Upgrade your vehicle or boat electronics with this reliable and convenient power solution.
