

3.IB-AT04

IB-AT04 Anderson Waterproof Connector

DESCRIPTION:

IB-AT04 Anderson 50A 12V/24V Male Female Waterproof Car Connector Plug

Product features:

- 1.Equipped with sealing rings and anti slip buckles, sealed, waterproof and anti slip
- 2.Purple copper silver plated material, fireproof and flame retardant, IP68 waterproof and dustproof
- 3.Bipolar, male and female design, with multiple color distinctions
- 4.Keying function helps prevent connector misinsertion

IB-AT04 Anderson 50A 12V/24V Male Female Waterproof Car Connector Plug

This innovative connector plug is designed to meet the demands of the automotive industry, providing a secure and waterproof connection for various applications.

Featuring a robust construction, the Anderson connector plug is equipped with sealing rings and anti-slip buckles, ensuring a sealed, waterproof, and anti-slip connection. This design not only protects the electrical connection from moisture and dust but also provides a secure and stable connection in challenging environments.

The use of purple copper silver-plated material in the construction of the connector plug ensures fireproof and flame-retardant properties, making it a safe and reliable choice for automotive electrical systems. With an IP68 waterproof and dustproof rating, this connector plug is built to withstand the rigors of outdoor and off-road use, providing peace of mind in any environment.

The bipolar, male, and female design of the Anderson connector plug, along with multiple color distinctions, allows for easy and efficient identification and connection. Additionally, the keying function helps prevent connector misinsertion, ensuring a secure and accurate connection every time.

Whether you are working on a new automotive electrical installation or replacing existing connectors, the Anderson 50A 12V/24V Male Female Waterproof Car Connector Plug offers a versatile and dependable solution. Its durable construction, waterproof design, and safety features make it an ideal choice for a wide range of automotive applications, including cars, trucks, off-road vehicles, and more.

Trust in the quality and reliability of the Anderson connector plug to meet your automotive electrical connection needs, providing a secure, waterproof, and long-lasting solution for your vehicle's electrical systems.

Product name	IB-AT04 Anderson Waterproof Connector
Model	IB-AT04
Housing Color	Grey
material quality	Purple copper silver plating
Temperature	-20 °C -105 °C
Characteristic	Flame retardant
Application area	New energy
rated voltage	600V
Amper	50A
