6 Rocker switch lights with optional red and blue colors, supporting customized symbols, different symbols

The box is made of high-quality aluminum material, which can protect the switch from short circuits and damage. All switches are pre wired for easy installation.

The 6 Rocker Switch Lights come with optional red and blue colors, allowing you to customize the lighting to suit your personal style. What's more, these switches support customized symbols, giving you the freedom to choose different symbols that resonate with your individual preferences.

Crafted from high-quality aluminum material, the accompanying box provides robust protection for the switches, guarding against short circuits and damage. Each switch comes pre-wired, ensuring a hassle-free installation process, so you can enjoy the benefits of this kit with ease.

The versatility of this kit is another standout feature. The box can be installed on the dashboard, below the dashboard, on the center console, or anywhere else in the car, providing you with flexibility in choosing the perfect location for your switches.

In addition to the switches and box, the kit includes a waterproof box and a 2-year warranty, offering peace of mind and assurance of quality.
