

**Item name: IB-P906 6 Gang Boat Switch Panel**

**Product Specification :**

**IB-P906 6 Gang Boat Switch Panel Marine Waterproof 12V LED Voltmeter USB Charger Socket Rocker Toggle Switch for RV Caravan Truck**

Output voltage :12V 20A/24V 10A

Output current/voltage :4.2A(2.1+2.1A)/5V

Work Temperature :-40-60 degree

working voltage:12-24v

LED Display: Blue

## **IB-P906 6 Gang Boat Switch Panel Marine Waterproof 12V LED Voltmeter USB Charger Socket Rocker Toggle Switch for RV Caravan Truck**

Are you looking to upgrade your marine experience with a reliable and versatile switch panel? Look no further than the 6 Gang Boat Switch Panel Marine Waterproof 12V LED Voltmeter USB Charger Socket Rocker Toggle Switch. This innovative panel is designed to meet the diverse needs of boat owners, offering a range of features that ensure convenience, safety, and functionality.

Equipped with a dual USB charger, this switch panel allows you to charge two devices simultaneously at full speed, with 2.1A in each USB port. Whether you need to power your phone, tablet, or other electronic devices, this panel has you covered. Additionally, the built-in voltmeter provides clear readings of the working volts, allowing you to easily monitor the voltage condition of your vehicle. This feature is essential for ensuring the smooth operation of your marine equipment and electronics, giving you peace of mind while out on the water.

The 6 Gang Boat Switch Panel also boasts charming blue LED lights with different etched patterns, making it easier for you to recognize and control various functions such as LED light bars, rear lights, and rock lights. Furthermore, the inclusion of 3 in-line fuse holders in the switch panel of each circuit ensures protection against overcurrent, enhancing the safety and durability of the panel. With these features, you can confidently navigate the waters knowing that your marine electronics are well-protected and easily

accessible.

In conclusion, the 6 Gang Boat Switch Panel Marine Waterproof 12V LED Voltmeter USB Charger Socket Rocker Toggle Switch is a must-have for any boat owner looking to enhance their marine experience. With its dual USB charger, voltmeter, LED lights, and fuse holders, this panel offers convenience, safety, and functionality in one comprehensive package. Upgrade your boat today and enjoy the peace of mind that comes with a reliable and versatile switch panel.

Product name	Metal Aluminum Auto car RV Marine Boat 6 Gang Rocker Switch Panel with Dual USB Charger + Cigarette Socket + Voltmeter
Rating current	10A/20A
Product model	IB-P906
Product size	7*7.3*2.75inch
Rating voltage	12V 24V

USB Socket	Dual USB Port 4.2A
Material	ABS+Nylon+Aluminium sheet
Rocker Switch	SPST on-off 5 pin rocker switch, 6pcs
LED	Blue, red, green, white, orange
Application	Car Marine Boat RV, etc
