

Item name: **IB-PN06 3.1A Dual USB Socket Car Charger Panel**

Short description:

IB-PN06 Round Rocker Switch 5V 3.1A Dual USB Socket Car Charger Panel With Voltage Display Screen

(Blue LED)

- 1.Color : Black
- 2.Material : ABS + Metal
- 3.LED light : Blue
- 4.Input : DC 12-24V
- 5.Output : DC 5V 3.1A

IB-PN06 Round Rocker Switch 5V 3.1A Dual USB Socket Car Charger Panel With Voltage Display Screen

(Blue LED)

Features:

It is available to the appliance with 12-24V battery.

It has low temperature resistance , flame resistance and ABS environmental material , it is very durable for a long time.

It can be used to charge electrical devices.

It has button switch to control the power is cut off or not.
It has cigarette lighter power socket to charge the device.
Color : Black
Material : ABS + Metal
LED light : Blue
Input : DC 12-24V
Output : DC 5V 3.1A

WELFNOBL is a leading company known for its commitment to quality and innovation. The 3.1A Dual USB Socket Car Charger Panel is a testament to their dedication to providing practical solutions for everyday challenges. This product is designed to meet the needs of modern drivers who rely on their devices for navigation, communication, and entertainment while on the go. With its dual USB sockets, you can charge two devices simultaneously, saving you time and ensuring that you and your passengers stay connected throughout your journey.

The round rocker switch of the car charger panel allows for easy and intuitive operation, while the blue LED voltage display screen provides real-time information about the charging status of your devices. This not only adds a futuristic element to your car's interior but also ensures that you can monitor the charging process at a glance. The 3.1A output ensures fast and efficient charging for a wide range of devices, including smartphones, tablets, and other USB-powered gadgets.

Upgrade your driving experience with WELFNOBL's 3.1A Dual USB Socket Car Charger Panel and enjoy the convenience of keeping your devices powered up while on the road. With its sleek design, advanced features, and reliable performance, this car charger panel is a must-have accessory for any modern vehicle. Say goodbye to the hassle of dealing with multiple chargers and embrace the simplicity and efficiency of WELFNOBL's innovative solution.

Product Name	3.1A Dual USB Socket Car Charger Panel
Feature	Waterproof
Housing Color	Black
Operation Type	Latching type
Terminal Qty	3 pins(1 led)
Illuminated or not	Yes
Voltage	12/24V
Led Color	Blue (Red, Green)
