

IB-PR08 Ignition Start Toggle Switch Panel

IB-PR08 Ignition Start Toggle Switch Panel Professional Racing Car 12V 12 1 Piece Standard Universal Car Accessories Yes, with LED Light

- 1.Operation Mode: Toggle
- 2.Operating Voltage: DC 12V-24V
- 3.Operating Current: 30A
- 4.Size: Various sizes

**IB-PR08 Ignition Start Toggle Switch Panel Professional Racing Car 12V 12 1 Piece Standard Universal Car Accessories Yes, with LED Light**

Specific for Racing Car,  
Easy for installation,  
Can shut off the power of the whole vehicle in an instant Engine Start .

1. It is designed with high precision to ensure accurate and reliable ignition triggering.
2. It is engineered to resist extreme temperatures and vibrations during races.
3. It offers quick and effortless operation, allowing for rapid starts.
4. It has a compact and lightweight design to minimize the overall weight.

Specification:

1. Material: Aluminium, ABS and PC
2. Toggle Switch: Suitable for DC12V-24V, 20A
3. Start Switch: Suitable for DC12V-24V, 30A
4. Switch Type: Racing Car ON-OFF Toggle Switch

Made of plastic & metal, switches, red lights.

Material: Plastic, Metal

LED Light Color: Multicolor (Black, Silver, Red, Yellow, Blue and so on)

1. It provides clear and intuitive controls, enabling the driver to make quick and precise adjustments during the race.
2. It is designed to be ergonomic, fitting comfortably within the driver's reach and minimizing distraction.
3. It is often made of high-quality materials that are durable and can withstand the harsh racing environment.
4. It features advanced technological integration, enabling seamless communication with the car's systems for real-time monitoring and control.
5. Its layout is optimized to reduce the risk of accidental activation of wrong switches.

Product Name	Ignition Start Toggle Switch Panel
Items	IB-PR08

Mounting Hole	M12
Material	Aluminium, ABS and PC
Toggle Switch	DC12V 20A
Feature	Panel with LED indicator and the "aircraft" safety cover prevents accidental start
Mechanical life	More than 50.000 cycles
Operating Temperature	-25°C ~+80°C
Accessory hardware	Metal washer, Nameplate, Mounting nut
LED Color	Can choose Blue/Red/Green/Orange/White
