

IBA-07D Led Light Toggle Auto Switch

IBA-07D 20A 12VDC Racing Switch With Transparent waterproof Cover Red/Yellow/Green/Blue/White Led Light SPST Toggle Auto Switch 12V 20A For Racing Car Light Toggle Switch

1. With Transparent waterproof Cover
2. Red/Yellow/Green/Blue/White LED light
3. SPST Toggle Auto Switch
4. For Racing Car Light Toggle Switch

IBA-07D 20A 12VDC Racing Switch With Transparent waterproof Cover Red/Yellow/Green/Blue/White Led Light SPST Toggle Auto Switch 12V 20A For Racing Car Light Toggle Switch

Specification:

- **【M12 Toggle Car Modification Instantaneous Ignition Switch】** DPDT designed (single pole single Throw), simple installation, freely turn on or off the light, better control your light bar than normal tiny rocker switch.
 - **【Find Easily】** Built-in LED lights emit soft light to light up the pattern when the switch is powered on. You can easily find the illuminated sign in a dark environment, no need to fumble for the switch in the dark anymore.
 - **【Use Security】** CE certified quality, environmentally friendly and flame retardant materials. Output short circuit protection, overload protection, polarity reverse protection, multiple protection, making it safer to use.
 - **【Sturdy Durability】** Made of strengthened plastic and well-conductive pins, and all patterns are etched directly onto the switch surface to ensure long lasting durability.
 - **【Wide Application】** Standard 5 Pin switch, rated at 20amp/12v and 10amp/24v, available for upgrading most wiring harness to control Led Light Bar, Led Work Lights, Fog Lamps, Headlights, Taillights, and Auxiliary Lamps, etc.
 - **【Great Compatibility】** Control the on-off of AC and DC power supply circuit can stand alone or be locked together with other switches.
- 【Visual Feedback】** Illuminated toggle switches operate at 12 volts DC and light up to provide visual feedback of your circuit operation.

Product Name	M12 Toggle Car Modification Instantaneous Ignition Switch
Feature	Waterproof
Housing Color	Silver
Operation Type	Self-Latching
Terminal Qty	3 Pins

Illuminated or not	Yes
Voltage	12/24V
What You Got	1x Toggle Switch, ON-OFF,3 PIN
