

1. WNF-B0105

WNF-B0105 5 Way Car Standard Blade Fuse Holder Box

WNF-B0105 Circuit Standard ATO Car Blade Fuse Box Block Holder for Automotive Truck Boat Marine RV Van Vehicle

Applicable voltage of the product: 32V24V12V universal..

Product applicable current: 1A2A3A5A7.5A10A15A20A25A30A35A40A: It is recommended to use a current within 30A.

Product Material: Base: Black plastic PA6 (some people tend to say it is flame retardant)+Cover: Transparent PC+Terminal: Brass

Product wiring method: one plug, one circuit, with a total of 4 plug positions that are not connected to each other, wired as needed

The method of fixing the seat box is to fix it at both ends, and the inner diameter of the fixing circular hole at both ends is 5.2MM

WNF-B0105 Circuit Standard ATO Car Blade Fuse Box Block Holder for Automotive Truck Boat Marine RV Van Vehicle

Material: Plastic + Metal

Color: Black

Voltage: Up to 30V DC

6.3mm Fuse Holder

Dimensions: 4.52" x 2.08" x 1.57" (LxWxH) 115 x 53 x 40 mm

Description:

100% Brand New

The Ideal 5-Circuit Blade Fuse Block for Vehicular and Marine Dc Electrical Systems.

This fuse box consolidates branch circuits so you don't have to fuss over the messy tangled wiring associated with in-line fuses. Storing up to 5 ATC/ATO/ATF blade fuses up to 30A max per circuit, this blade fuse box is perfect for automotive, marine, outdoor and home applications.

Applicable voltage of the product: 32V/24V/12V universal.

Product applicable current: 1A/2A/3A/5A/7.5A/10A/15A/20A/20A/25A/30A/35A/40A: It is recommended to use a current within 30A.

Product Material: Base: Black plastic PA6 (some people tend to say it is flame retardant)+Cover: Transparent PC+Terminal: Brass

Product wiring method: one plug, one circuit, with a total of 4 plug positions that are not connected to each other, wired as needed

The method of fixing the seat box is to fix it at both ends, and the inner diameter of the fixing circular hole at both ends is 5.2MM

Fit for: Block for automobile, car, truck, boat, racing, farm vehicle and etc..

Product Detail: Automotive box, fit for middle size blade .4 way blade assortment kit as your automotive wiring and electrical circuit's safety solution; protects your vehicle and electrical devices from a short circuit or overload.

Outstanding Performance: Transparent plastic cover protects from dust, dirt and splash.

Premium Quality: Box Block Holder Professional manufacturer and durable construction, performance and quality guaranteed. It can

be widely used in automobile, car, truck, boat, racing, farm vehicle and so on.

Product Name	Car Fuse Holder Blade Fuse
Input	DC12-32V
Input / Output current	40A max. Per circuit
Size	4.52" x 2.08" x 1.57" (LxWxH)
Material	Plastic + Metal
Widely Used	Cars, Vans, Motorcycles, Quads, Boats, Marine, Tractor & Many other Automotive Uses
Package	1 x 5 Way Fuse Box WITHOUT FUSE
