

1. WNF-B0112

WNF-B0112 12 Way Fuse Block Blade Box Holder

WNF-B0112 12 Way Fuse Block Blade Box Holder Standard Circuit Fuses Holder Fit Car Trailer Truck SUV Boat Marine

1. High Quality Fuse Block

12 Way Blade Fuse Block Box comes with negative bus ATC/ATO, made of safe green PBT material.

Efficient and durable, meeting all the standards of an ideal fuse box.

2. Transparent Protection Cover

Easy operation, protect your fuse from dust, moisture and damage.

Dustproof, splashproof & anti-collision, add extra protection to your fuses.

3. Safety & Efficiency

When the current is too high or the wire is short-circuited, the fuse will blow. You can find problems and take measures to avoid safety hazards.

High mechanical strength, good insulation, heat resistance and flame resistance. Will not deform, burn or short-circuit.

4. Keep the Wiring Clean and Neat

The fuse box has 12 dedicated fuses and 12 grounding positions, and each positive terminal has a negative terminal to make your circuit clear at a glance.

Compared with traditional wiring, it has good versatility and strong practicability. Safe, time-saving and convenient.

Specifications

12 Way Blade Fuse Block

Quantity of Fuse Slots: 12 pcs

Volt Rating: 32V DC (Max)

Rated Current (Total): 75A

Single Rated Current: 20A

Current Range: ATO/ATC Fuse 1A to 20A

Size with Cover: 7.67" x 1.96" x 1.97"

Main Wire Terminal: M6 Bolt (75A max 32V DC)

Main Wire size: # 4-6 AWG

Single Wire Terminal: M4 Threaded Stud (20A max 32V DC)

Single Wire Size: #12-16 AWG

【Application】 Widely used for all vehicles, vessels, devices or other electrical applications. One-to-one positive and negative wiring keeps wiring on boats and cars neat and orderly. Maximum of 20 Amp per circuit & 75 Amp per panel.

【Feature】 When the current is too high or the wire shorts, the fuse will blow to avoid potential safety hazards. 70 labels are provided, you can quickly find which device has the problem.

【High Quality】 Made of environment friendly PBT material, has high mechanical strength, good insulation, heat and flame resistance. It hardly causes any problems such as cracking, deformation, burning or short circuit.

【Easy to Install】 Two screw holes at both ends of the bus bar, use 4 screws to fix it in place. Perfect for Car, Trailer, Truck, RV, Motorhome, Van, etc.

【PSEQT Warranty】 2 Years Warranty Guarantee. Strictly testing before shipping. Feel free contact us for any question, we have professional service and excellent quality team.

Product Name	Car Fuse Holder Blade Fuse
--------------	----------------------------

Input	DC12-32V
Input / Output current	40A max. Per circuit
Size	7.67 x 1.96 x 1.97 inches
Material	Plastic + Metal
Widely Used	Cars, Vans, Motorcycles, Quads, Boats, Marine, Tractor & Many other Automotive Uses
Package	1 x 12 Way Fuse Box WITHOUT FUSE
