

1. WNF-B0308

WNF-B0308 ATC/ATO Blade Block

**WNF-B0308 8 Way Blade Box ATC/ATO FUSE Block with LED Warning Indicator Waterproof Cover for Automotive Truck Boat Marine RV Van Vehicle**

- 1.Current Rating: 100 Amps, 20 Amps, 25 Amps, 10 Amps, 15 Amps
- 2.Connector Type: Screw
- 3.Mounting Type: Holder
- 4.Voltage: 32 Volts
- 5.Number Of Poles: 8

**WNF-B0308 8 Way Blade Box ATC/ATO FUSE Block with LED Warning Indicator Waterproof Cover for Automotive Truck Boat Marine RV Van Vehicle**

Product Features

**Product Features:** VOLT RATING: 32V DC (Max.) --Current rating per circuit/fuse: 30 amp (Max.), Current rating per box: 100 amp (Max.) Widely used in autos, cars, buses, subways, airplanes, boats, ships, campers, solar set up, etc.

**Safe Material:** Made of environmentally friendly PBT material, this fuse panel meets all the standards of an ideal fuse box. It is mechanically strong, insulated, heat resistant, and flame resistant. There will never be any issue like produce fracture, deformation, combustion, or short circuit phenomenon. Come with clear PC cover, dustproof, and damp-proof. Better not put where it can get wet.

**Appliance Name Labels:** Bonus electric device name Labels are provided. You can quickly identify which appliance is going wrong. Marine-grade construction, Includes secure, but easy to open the protective cover.

**8-Way fuse panel package includes:** Labels\*1, Screws\*4. All automotive electrical projects need to be properly protected: that means each and every circuit. WUPP fuse block components will make your job that much easier.

Volt rating	32V DC (Max.)
Current rating per circuit	30 amp (Max.)
Current rating per box	100 amp (Max.)
Quantity of fuse slots	8
Accepting fuse	Standard blade fuse (ATO / ATC)
Positive connection	M5 stud (5mm bolt)
Output connections	Screw terminals
Dimension	2.8in*3.3in*1.4in ( 70mm*85mm*35mm )

Type	Fuse Blocks
------	-------------

It is a perfect kit for adding a few circuits to your auto, boat, off-road, or other vehicles.

The fuse will cut off the current auto when it rises in the current to a certain temperature, so as to protect the safe operation of the circuit. It's widely used in 10V-32V DC Cars, Boats, Trucks, Trailers, Buses, RVs, RZR's, UTVs, Yachts, etc. Each fuse can be connected to any electrical circuit like an LED light bar, headlights, fog lights, tail lights, Rock lights, rocker switch, toggle switch, etc.

**Package Included**

1 Pack of 6 Way Blade Fuse Box

1 Pack of Label Sticker
