WNS-D01 32*20mm Type C PD 12V / 24V Blue light Dual PD car charger for Toyota

elevate your driving experience to a whole new level. Stay connected, stay charged, and stay in control with this advanced car charging solution.

Product description

Product Name: USB car charger

Input: DC 12V-24V

Material: ABS+Copper

Total USB Ports : 2

Shell color: Black

Connector Type : USB Type A/Type C

Introducing the latest innovation in car charging technology - the 32*20mm Type C PD 12V / 24V Blue light Dual PD car charger for Toyota. This cutting-edge QC3.0 charger is specifically designed to fit seamlessly into the OEM space available in your Toyota car or truck, ensuring a perfect and professional installation.

Equipped with over-charging, over-current, and over-heated protection, this car USB charger provides a safe and reliable charging experience. The intelligent charging system automatically stops charging when the battery is full, preventing any potential damage to your devices.

With an input of 12V and 2.1A, this USB car charger socket delivers a powerful 5V output, providing efficient and rapid charging for your devices. The 5V 4.2A output ensures that your devices are charged quickly and efficiently, keeping you connected on the go.

The sleek and modern design of this USB socket for Toyota series vehicles features a blue light indicator, adding a touch of style to your car's interior. The compact size and durable construction make it a perfect addition to your vehicle, offering convenience and functionality without compromising on aesthetics.

Whether you're on a road trip, commuting to work, or simply running errands, this dual PD car charger for Toyota provides the ultimate charging solution for all your devices. Say goodbye to low battery anxiety and stay powered up wherever the road takes you.

Experience the convenience and reliability of the 32*20mm Type C PD 12V / 24V Blue light Dual PD car charger for Toyota, and elevate your driving experience to a whole new level. Stay connected, stay charged, and stay in control with this advanced car charging solution.
