

## **WNS-D15 QC3.0 Interface Socket Fast Car Charger**

WNS-D15 Quick Charge Car Charger QC3.0 Interface Socket Fast Car Charger Use For Wildlander

- "1、 This product is High Quality and Convenient For your car or truck, easy to install
- 2、 The usb power socket adapter Dual USB ports, can charge two different devices simultaneously
- 3、 Color: black - Material: ABS + Electronic components
- 4、 Input voltage: DC 12V - Output voltage: DC 5V 2.1A
- 5、 Fits 40\*26mm Wildlander switch hole.Please measure your car's switch hole and make sure the dimension is correct before purchase."

## **WNS-D15 Quick Charge Car Charger QC3.0 Interface Socket Fast Car Charger Use For Wildlander**

The input voltage of DC 12V and output voltage of DC 5V 2.1A ensure efficient, Specifically designed to fit the 40\*26mm Wildlander switch hole, this car charger is tailored to seamlessly integrate into your vehicle's interior.

### **Product description**

Product Name: USB car charger

Input: DC 12V-24V

Material: ABS+Copper

Total USB Ports : 2

Shell color: BL

Introducing the Quick Charge Car Charger QC3.0 Interface Socket, the ultimate solution for fast and convenient charging in your car or truck. This high-quality car charger is designed to provide a seamless charging experience while on the go, making it the perfect accessory for modern drivers. With its dual USB ports, this car charger allows you to charge two different devices simultaneously, ensuring that you and your passengers stay connected and powered up at all times.

Crafted with precision and durability in mind, this car charger features a sleek black design and is made from high-quality ABS and electronic components. Its compact size and easy installation make it a practical and convenient addition to any vehicle. The input voltage of DC 12V and output voltage of DC 5V 2.1A ensure efficient and reliable charging for a wide range of devices, from smartphones and tablets to other electronic gadgets.

Specifically designed to fit the 40\*26mm Wildlander switch hole, this car charger is tailored to seamlessly integrate into your vehicle's interior. Before making a purchase, it is important to measure your car's switch hole to ensure the perfect fit. This attention to detail and compatibility makes the Quick Charge Car Charger QC3.0 Interface Socket a versatile and practical choice for Wildlander owners.

Whether you're embarking on a road trip, commuting to work, or simply running errands, this fast car charger is the ideal companion for keeping your devices powered up and ready for use. Its quick charge capabilities and user-friendly design make it a must-have accessory for anyone who values convenience and efficiency while on the road. Say goodbye to low battery anxiety and experience the convenience of reliable and fast charging with the Quick Charge Car Charger QC3.0 Interface Socket.

Elevate your driving experience with the Quick Charge Car Charger QC3.0 Interface Socket and enjoy the convenience of fast and reliable charging wherever the road takes you. With its high-quality construction, dual USB ports, and compatibility with Wildlander vehicles, this car charger is the perfect blend of functionality and style. Stay connected and powered up on the go with this essential car accessory.
