DUAL MESH COIL

High Flavor Consistency on Low Battery

Due to the control of dual cores,
the two mesh coils heat up in alternating fashion.
This ensures taste high consistency even on low battery.

SMART SCREEN

***Capsule-looked,
Battery&E-juice Display***

Stay in control your battery and E-juice capacities with the full screen display. During vaping and charging, the screen displays different cosmic-style animations.

AIRFLOW ADJUSTMENT

Double Vapor Performance Up

The enhanced airflow and 20W output deliver dense vapor and full flavor, elevating vapor performance 200% up than ever before!
