# REPLACEABLE DISPOSABLE POD

Easily replace and change  
the pods when customers  
enjoy the different flavor

The background features a central glowing orange and yellow mesh coil. This coil is surrounded by ethereal, flowing blue and white energy waves that ripple outwards. The entire scene is set against a dark, starry space-like background with scattered orange and red bokeh light spots, suggesting a high-tech or futuristic environment.

## DUAL MESH COIL

A larger surface area in contact with the e-liquid, resulting in more even heating and a richer flavor experience.

## **ADJUSTABLE AIRFLOW**

A significant advancement in vaping technology, offering users a customizable and enhanced vaping experience.

## POWER ADJUSTMENT

Different power levels can bring out different flavors and nuances in the e-liquid, allowing you to discover new tastes and experiences.
