hasivo®

Hardware specifications

Model	
Model	S600P-5G-1S-BT-5A
Product name	Intelligent 1+5 solar PoE switch
Fixed Port	1*10/100/1000Base-TX 60W PoE port(Data/Power) 2*10/100/1000Base-TX 30W PoE port(Data/power) 2*10/100/1000Base-TX AuTo 24V/48V PoE port(Data/power) 1*1000M SFP
PoE Ports	1 port supports IEEE802.3af/at/PoE++, with a maximum output power of 60W 2-3 ports support IEEE 802.3af/at, with a maximum output power of 30W The 4-5 ports adopt Hasivo fully automatic PoE technology, which can power 48V or 24V devices. The maximum output power of the ports is 30W for 48V and 25W for 24V
PoE Bridge	Max 65W
Switch function switch	PoE Dog: PoE watchdog switch VLAN: Port isolation switch EXER: Long Distance Switch PCK1 ON: 4-port forced 24V power supply mode PCK1 OFF: 4-port 48V power supply mode PCK2 ON: 5 port forced 24V power supply mode PCK2 OFF: 5-port 48V power supply mode
Controller function switch	 Equipment main power switch Battery type setting switch Battery voltage setting switch Lithium iron phosphate setting switch
Network protocol	IEEE 802.3i 10BASE-T IEEE 802.3u 100BASE-TX IEEE 802.3ab1000BASE-T IEEE 802.3x IEEE 802.3z 1000BASE-X IEEE 802.3af/at/PoE++/BT hasivo AI PSE
Port Specification	10/100/1000BaseT (X) Auto
Transmission Mode	Store and Forward(full wirespeed)
Bandwidth	12Gbps
Packet Forwarding	8.92Mpps
	2K
MAC	
Buffer	2.5M
Transmission Distance	10BASE-T: Cat3,4,5 UTP(≤250 meter) 100BASE-TX: Cat5 or later UTP(150 meter) 1000BASE-TX: Cat6 or later UTP(150 meter) SFP: 1000M single and multimode optical module with maximum distance ≤ 120km (depending on the optical module)
Power supply pin	60W:1245+;3678- 48V power supply: 12+36-; 24V power supply: 45+78-
Power input	Supports 12V solar panel input (open circuit voltage ≤ 32V)/ paired with 12V battery pack Support 24V solar panel input (open circuit voltage ≤ 45V)/ paired with 24V battery pack; Compatible with DC input, 12V battery pack: DC input range DC15-32V, maximum input power 240W;
	Compatible with DC input, 24V battery pack: DC input range 30-57V, maximum input power 480W The maximum input power of the solar panel is 1200W Maximum input withstand voltage of solar panel: 57V
Charging function	maximum input power 480W The maximum input power of the solar panel is 1200W Maximum input withstand voltage of solar panel: 57V Integrated fully automatic charging and discharging, with a maximum efficiency of 98% and a maximum charging current of 5A Integrated MPPT control Integrated battery protection function Integrated lead-acid battery float charging function Integrated lithium battery automatic activation function Integrated low capacity startup protection function Integrated battery temperature monitoring interface Supports over temperature protection function
Charging function Battery type	maximum input power 480W The maximum input power of the solar panel is 1200W Maximum input withstand voltage of solar panel: 57V Integrated fully automatic charging and discharging, with a maximum efficiency of 98% and a maximum charging current of 5A Integrated MPPT control Integrated battery protection function Integrated lead-acid battery float charging function Integrated lithium battery automatic activation function Integrated low capacity startup protection function Integrated battery temperature monitoring interface
	maximum input power 480W The maximum input power of the solar panel is 1200W Maximum input withstand voltage of solar panel: 57V Integrated fully automatic charging and discharging, with a maximum efficiency of 98% and a maximum charging current of 5A Integrated MPPT control Integrated battery protection function Integrated lead-acid battery float charging function Integrated lithium battery automatic activation function Integrated low capacity startup protection function Integrated battery temperature monitoring interface Supports over temperature protection function 12V/24V lead-acid battery, maximum capacity 500AH, maximum charging current 5A 12.6V/25.2V lithium battery, maximum capacity 500AH, maximum charging current 5A 14.8V/29.6V lithium iron phosphate battery, maximum capacity 50AH,
Battery type LED Indicator Operating Temperature/Humidity	maximum input power 480W The maximum input power of the solar panel is 1200W Maximum input withstand voltage of solar panel: 57V Integrated fully automatic charging and discharging, with a maximum efficiency of 98% and a maximum charging current of 5A Integrated MPPT control Integrated battery protection function Integrated lead-acid battery float charging function Integrated lithium battery automatic activation function Integrated low capacity startup protection function Integrated battery temperature monitoring interface Supports over temperature protection function 12V/24V lead-acid battery, maximum capacity 500AH, maximum charging current 5A 12.6V/25.2V lithium battery, maximum capacity 500AH, maximum charging current 5A 14.8V/29.6V lithium iron phosphate battery, maximum capacity 50AH, maximum charging current 5A PW: Power indicator light BIN: Battery charging indicator light 6: (Light port connection indicator light 6: (Light port connection indicator light 4B-5B: 4-5 port 48VPoE connection indicator light CPU: System operation indicator light VOUT: PoE voltage normal indicator light SIN: Solar input indicator light
Battery type LED Indicator Operating Tempe-	maximum input power 480W The maximum input power of the solar panel is 1200W Maximum input withstand voltage of solar panel: 57V Integrated fully automatic charging and discharging, with a maximum efficiency of 98% and a maximum charging current of 5A Integrated MPPT control Integrated battery protection function Integrated lead-acid battery float charging function Integrated lithium battery automatic activation function Integrated low capacity startup protection function Integrated battery temperature monitoring interface Supports over temperature protection function 12V/24V lead-acid battery, maximum capacity 500AH, maximum charging current 5A 12.6V/25.2V lithium battery, maximum capacity 500AH, maximum charging current 5A 14.8V/29.6V lithium iron phosphate battery, maximum capacity 50AH, maximum charging current 5A PW: Power indicator light BIN: Battery charging indicator light 6: (Light port connection indicator light 4A-5A: 4-5 port 48VPoE connection indicator light CPU: System operation indicator light VOUT: PoE voltage normal indicator light SIN: Solar input indicator light VIN:-
Battery type LED Indicator Operating Temperature/Humidity Storage Temperature-	maximum input power 480W The maximum input power of the solar panel is 1200W Maximum input withstand voltage of solar panel: 57V Integrated fully automatic charging and discharging, with a maximum efficiency of 98% and a maximum charging current of 5A Integrated MPPT control Integrated battery protection function Integrated lead-acid battery float charging function Integrated lithium battery automatic activation function Integrated low capacity startup protection function Integrated battery temperature monitoring interface Supports over temperature protection function 12V/24V lead-acid battery, maximum capacity 500AH, maximum charging current 5A 12.6V/25.2V lithium battery, maximum capacity 500AH, maximum charging current 5A 14.8V/29.6V lithium iron phosphate battery, maximum capacity 50AH, maximum charging current 5A PW: Power indicator light BIN: Battery charging indicator light 6: (Light port connection indicator light) 4A-5A: 4-5 port 48VPOE connection indicator light 4B-5B: 4-5 ports 24VPOE connection indicator light VOUT: POE voltage normal indicator light SIN: Solar input indicator light VIN:-
Battery type LED Indicator Operating Temperature/Humidity Storage Temperature/Humidity Product /Packing	maximum input power 480W The maximum input power of the solar panel is 1200W Maximum input withstand voltage of solar panel: 57V Integrated fully automatic charging and discharging, with a maximum efficiency of 98% and a maximum charging current of 5A Integrated MPPT control Integrated battery protection function Integrated lead-acid battery float charging function Integrated lithium battery automatic activation function Integrated low capacity startup protection function Integrated battery temperature monitoring interface Supports over temperature protection function 12V/24V lead-acid battery, maximum capacity 500AH, maximum charging current 5A 12.6V/25.2V lithium battery, maximum capacity 500AH, maximum charging current 5A 14.8V/29.6V lithium iron phosphate battery, maximum capacity 50AH, maximum charging current 5A PW: Power indicator light BIN: Battery charging indicator light 6: (Light port connection indicator light 4A-5A: 4-5 port 48VPoE connection indicator light 4A-5B: 4-5 port 48VPoE connection indicator light VOUT: PoE voltage normal indicator light SIN: Solar input indicator light VIN:- -20~65°C; 10%~90% RH Non coagulation -40~80°C; 5%~90% RH Non coagulation 160mm*142mm*35mm 250mm*183mm*70mm 0.74kg/0.9kg
Battery type LED Indicator Operating Temperature/Humidity Storage Temperature/Humidity Product /Packing size (L*W*H) N.W/G.W (kg)	maximum input power 480W The maximum input power of the solar panel is 1200W Maximum input withstand voltage of solar panel: 57V Integrated fully automatic charging and discharging, with a maximum efficiency of 98% and a maximum charging current of 5A Integrated MPPT control Integrated battery protection function Integrated lead-acid battery float charging function Integrated lithium battery automatic activation function Integrated low capacity startup protection function Integrated battery temperature monitoring interface Supports over temperature protection function 12V/24V lead-acid battery, maximum capacity 500AH, maximum charging current 5A 12.6V/25.2V lithium battery, maximum capacity 500AH, maximum charging current 5A 14.8V/29.6V lithium iron phosphate battery, maximum capacity 50AH, maximum charging current 5A 14.8V/29.6V lithium iron phosphate battery, maximum capacity 50AH, maximum charging indicator light BIN: Battery charging indicator light 6: (Light port connection indicator light 6: (Light port connection indicator light CPU: System operation indicator light VOUT: POE voltage normal indicator light VOUT: POE voltage normal indicator light VIN:20~65°C; 10%~90% RH Non coagulation -40~80°C; 5%~90% RH Non coagulation -40~80°C; 5%~90% RH Non coagulation -60mm*142mm*35mm 250mm*183mm*70mm 0.74kg/0.9kg (This product does not include solar panels, batteries, or power adapters)
Battery type LED Indicator Operating Temperature/Humidity Storage Temperature/Humidity Product /Packing size (L*W*H) N.W/G.W (kg) Installation	maximum input power 480W The maximum input power of the solar panel is 1200W Maximum input withstand voltage of solar panel: 57V Integrated fully automatic charging and discharging, with a maximum efficiency of 98% and a maximum charging current of 5A Integrated MPPT control Integrated battery protection function Integrated lead-acid battery float charging function Integrated lithium battery automatic activation function Integrated low capacity startup protection function Integrated battery temperature monitoring interface Supports over temperature protection function 12V/24V lead-acid battery, maximum capacity 500AH, maximum charging current 5A 12.6V/25.2V lithium battery, maximum capacity 500AH, maximum charging current 5A 14.8V/29.6V lithium iron phosphate battery, maximum capacity 50AH, maximum charging current 5A 14.8V/29.6V lithium iron phosphate battery, maximum capacity 50AH, maximum charging indicator light BOT: Battery charging indicator light 6: (Light port connection indicator light 4A-54: 4-5 port 48VPoE connection indicator light VOUT: PoE voltage normal indicator light VOUT: PoE voltage normal indicator light SIN: Solar input indicator light VIN:- -20~65°C; 10%~90% RH Non coagulation 160mm*142mm*35mm 250mm*183mm*70mm 0.74kg/0.9kg (This product does not include solar panels, batteries, or power adapters) Wall mounted/rack mounted (optional)
Battery type LED Indicator Operating Temperature/Humidity Storage Temperature/Humidity Product /Packing size (L*W*H) N.W/G.W (kg)	maximum input power 480W The maximum input power of the solar panel is 1200W Maximum input withstand voltage of solar panel: 57V Integrated fully automatic charging and discharging, with a maximum efficiency of 98% and a maximum charging current of 5A Integrated MPPT control Integrated battery protection function Integrated lead-acid battery float charging function Integrated lithium battery automatic activation function Integrated low capacity startup protection function Integrated battery temperature monitoring interface Supports over temperature protection function 12V/24V lead-acid battery, maximum capacity 500AH, maximum charging current 5A 12.6V/25.2V lithium battery, maximum capacity 500AH, maximum charging current 5A 14.8V/29.6V lithium iron phosphate battery, maximum capacity 50AH, maximum charging current 5A 14.8V/29.6V lithium iron phosphate battery, maximum capacity 50AH, maximum charging indicator light BIN: Battery charging indicator light 6: (Light port connection indicator light 6: (Light port connection indicator light CPU: System operation indicator light VOUT: POE voltage normal indicator light VOUT: POE voltage normal indicator light VIN:20~65°C; 10%~90% RH Non coagulation -40~80°C; 5%~90% RH Non coagulation -40~80°C; 5%~90% RH Non coagulation -60mm*142mm*35mm 250mm*183mm*70mm 0.74kg/0.9kg (This product does not include solar panels, batteries, or power adapters)

The data presented above represents the performance of the product in specific equipment and experimental environments. Based on the actual on-site environment or differences in equipment, there may be differences. The technical comparisons mentioned are based on scientific principles and do not involve other purposes

Due to real-time changes in product version, batch, and production supply factors, in order to provide as accurate product information and functional

parameters as possible, Hasivo may adjust the content on the above pages in real time to ensure consistency with the actual product. Any adjustments are subject to no further notice. Due to factors such as measurement environment and method, there may be certain scientific errors in product dimensions, parameters, and other information.

Whole device for 1 year(Accessories not included)

Warranty
