

KEPERSURF®-155 Surface control additive

KEPERSURF® -155

Acrylate levelling agent with defoaming function

Product type

Acrylate levelling agent with defoaming function

Product usage

Both levelling and defoaming functions in solvent-based systems.improve the flatness of the paint film.

Physical data

1. Effective ingredient: acrylate co-polymer
- 2.Appearance: colorless-light yellow transparent liquid
3. Content: 50±2%
- 4.Specific gravity: about 0.94(25°C)
- 5.Solvent: alkylbenzene

Product features

- 1 Good compatibility, can effectively promote the paint film flow, levelling, improve the flatness of the paint film.
2. While having good levelling property, it has certain defoaming function.
3. recommended for use in PE/PU primer of wood coatings with excellent performance.

Suggested dosage

According to the supply type,
For the total amount of formula: 0.1-1%
The best dosage needs to be obtained through testing

Add methods and precautions

Can be added at any stage of coating manufacturing, but ensure that it is evenly dispersed in the system .

Scope of application

Both levelling and defoaming functions in solvent-based systems.improve the flatness of the paint film. recommended for use in PE/PU primer of wood coatings with excellent performance.

Safety instructions

Refer to the MSDS

Packing specifications

- 1、 25KG,180 KG iron bucket
- 2、 Sample:60ml glass bottle

KEPERSURF®-155 Surface control additive

Transportation and storage

- 1、Containers should be sealed during transport and storage, and no freezing and ambient temperature lower than 40°C .
- 2、The shelf life is 2 years, starting from the date of production.
