

PRODUCT DATA SHEET

Trade Name: ActiBiso™ NMN

INCI Name: Nicotinamide Mononucleotide

CAS: 1094-61-7

Description

ActiBiso™ NMN has anti-oxidation, anti-free radicals, anti-inflammation and other functions, effectively inhibit skin aging, it can inhibit the formation of melanin, prevent skin aging, make the skin look young.

ActiBiso™ NMN can also promote the production of collagen and improve the elasticity and tightness of skin.

Quality Parameters

Appearance	White to off white powder
Appearance of solution	Clear and colorless
PH value of solution	3.0 - 4.0
Chlorides (ppm)	200 max
Sulfates (ppm)	300 max
Iron (ppm)	20.0 max
Arsenic (ppm)	2.0 max
Heavy Metals (ppm)	10.0 max
Lead(Pb) (ppm)	3.0 max
Cadmium(Cd) (ppm)	1.0 max
Mercury(Hg) (ppm)	1.0 max
Residual solvents(Ethanol) %	0.5 max
Loss on drying %	0.5 max
Bulk density (g/ml)	0.15 min

Bisor Corporation

5358, Huyi Road, Shanghai, 201806, P.R. China

Email : info@bisorcare.com

Website: www.bisorcare.com

Tapped density (g/ml)	0.3 min
Total plate count (cfu/g)	1000 max
Molds and yeasts (cfu/g)	50.0 max
Staphyococcus aureus (g)	0 - 25.0 max
Assay (HPLC) %	99.0 min

Storing

Store in a dry and cool place, sealed and valid for 2 years.

Package

25kg/ drum.
