

PRODUCT DATA SHEET

Trade Name: ActiBiso™ GA 70

INCI Name: Glycolic Acid

CAS: 79-14-1

Description

ActiBiso™ GA 70 is a 2-hydroxy monocarboxylic acid that is acetic acid where the methyl group has been hydroxylated. It has a role as a metabolite and a keratolytic drug. It is a 2-hydroxy monocarboxylic acid and a primary alcohol. It derives from an acetic acid. It is a conjugate acid of a glycolate.

Quality Parameters

Appearance	Colorless to light yellow Liquid
Assay %	70.0 min
Color (Gardner)	3.0 max
Turbidity	4.0 max
Chloride (Cl) ppm	10.0 max
Iron(Fe) ppm	10.0 max
Formaldehyde (ppm)	10.0 max
Sulphate (SO ₄) ppm	100 max
Formic acid	NIL

Storing

Store in a dry and cool place, sealed and valid for 2 years.

Package

250kg / plastic barrel
