

ETMY

WALKIE-TALKIE

ET-UV9K

IP68
Advanced waterproof

EIGHT BAND
MULTI FREQUENCY
THREE GUARD

- High/Low Power Selection
- Wide/Narrow Band Selection
- Mute audio QT/DQT function
- Chinese and English voice prompts
- Scrambling function
- Scanning function
- Busy lock function
- Send timeout prompt
- FM radio function
- Emergency alarm function
- Voice control function (VOX)
- Bluetooth audio (optional)
- GPS positioning (optional)

- Long battery life
- Unique voice cavity design
- Clear sound quality
- CTCSS/DCS

ET-UV9K

Product technical parameters

Complete machine part		TRANSMITTER		Receiver	
Frequency range	Rx-only: 64-108MHz 108-136MHz	RF Output Power	10W	Sensitivity (12dB SINDA)	0.22uV/0.25uV
	136-174MHz 220-260MHz	Modulation	F3E	Selectivity	55dB
	300-390MHz 400-520MHz	Modulation distortion	≤ 5%(300-3000Hz)	Adjacent channel selectivity	≥ 70dB
Channel capacity	199	Maximum frequency deviation	≤ ±5KHz	Noise response	≥ 60dB
Working voltage	7.4V DC ±15%	FM noise	≤ -45dB	FM noise	45dB/40dB
Antenna impedance	50Ω	Sparse radiation	< -6dB	Modulation type	F3E
Working mode	Same frequency simplex/ different frequency simplex	Accent Character	6db	Received power	1W
Grounding method	Negative electrode	Frequency characteristic	±3dB	Audio Distortion	< 5%
Channel Spacing	12.5/25KHz	Signal to noise ratio	40dB	Anti intermodulation interference	≥ 60dB
Operation temperature	-20℃~+60℃				
Frequency Stability	±2.5PPM				
Dimensions	124x50x38mm				
Weight	277g				
Battery capacity	3800mAh				
Optional configuration	Bluetooth GPS				

Product Scope of Application

Go for an outing

Construction site

Hotel

Security

Offshore operations

All Accessories

Antenna

Battery

Sling

Back clip

Charging base

Charger

Bluetooth headset
