

Semi-automatic lifting column

Model: TD-LC-S803

Features

Column material:

304 Stainless Steel

IP Grade: IP68

Application: Riot-proof lifting vehicle barrier

Product Size

Technical parameters of Semi-automatic lifting column

Column diameter	219mm $\pm$ 1mm
Column wall thickness	6mm $\pm$ 1mm
Cover thickness	6mm $\pm$ 1mm
Large flange diameter	335mm
Column material	304 stainless steel
Interception height	600mm $\pm$ 1mm
Operation mode	key operation
Surface treatment	Brushed
Protection level	IP68
Warning method	3M reflective tape
Working temperature	-30℃-70℃
Outer cylinder size	Outer cylinder diameter 280mm, height 756mm
