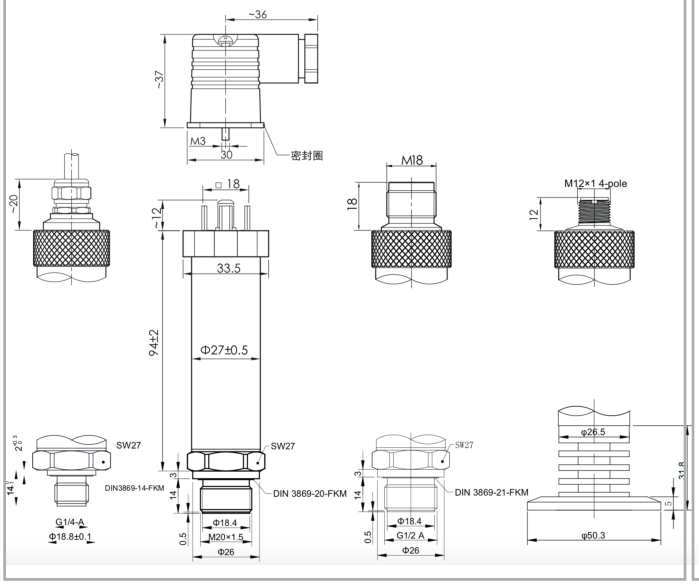
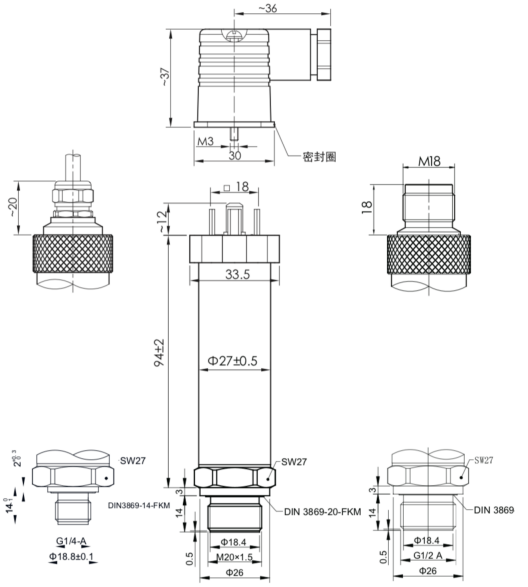
WLFR-PT1411
Hygienic pressure transmitter

Applications
Used in food processing, pharmaceutical manufacturing, petrochemical industries, etc.

Features
1 Imported core, suitable for viscous media, anti-clogging, cavity-free diaphragm
2 Optional output: 4-20mA, 0~5Vdc, 0~10Vdc, etc.
3 All stainless steel enclosure, good long term stability
4 Obtained ROHS and CE certification



WLFR-PT1414
Flush diaphragm pressure transmitter

Applications
Used in food processing, pharmaceutical manufacturing, petrochemical industries, etc.


Features
1 Imported core, suitable for viscous media, anti-clogging, cavity-free diaphragm
2 Optional output: 4-20mA, 0~5Vdc, 0~10Vdc, etc.
3 All stainless steel enclosure, good long term stability
4 Obtained ROHS and CE certification
