LED MEGA Street Light

Ultra Low Glare LED Panel Luminaire

MEGA series LED street lights has an extremely simple modular structure design and is easy to install and maintain. 200lm/w high light efficiency , 50-200W options , they are widely used for all kinds of outdoor places.

Product Specification

Model Name	MEGA LED Street Light 150W
System (Watts)	150W
System Efficacy	Up to 200lm/W
Input Voltage	AC100-277V
Total Lumen Flux (Lm)	30000lm
CCT	2200-6500K
Color Rendering Index(CRI)	> 70
House color	Grey
IP Rating	IP66
IK Rating	Ik09
Driver	Inventronics or Sosen or Becky
Surge Protection	6KV as standard built in the driver, 10KA 20KA SPD as option
Power Factor	> 0.95
Dimming Option	1-10V (0-10V), Timmer Programmable, DALI Dimming
Sensor Option	Photocell
Wireless Control	Zigbee wireless, IoT devices control
Certificate	CE ROHS ENEC TUV UKCA UL SAA
Warranty	Standard 5years / Customized 10 years
Lamp Body Material	PC, Aluminum
Mounting height	8-10m
Operating Temperature	-30°C ~ +50°C
Dimensions(mm)	L660×W240×H67mm
