## Diamond Series High Bay Light

## Ultra Low Glare LED Panel Luminaire

The Diamond Series High Bay light is a cutting-edge lighting solution designed to deliver efficient heat dissipation, high light output, and versatile installation capabilities. making it an ideal choice for enhancing the illumination in various spaces.

## Product Specification

Model Name	Diamond Series High Bay light 200W
Net Power (Watts)	200W
Input Voltage	AC100-277V,50/60Hz
System Efficacy	150-200lm/W (Option)
Total Lumen Flux (Lm)	30000-40000lm (Option)
LED Brand	2835/3030 (Option)
CCT	3000K / 4000K / 5000K (Option)
Color Rendering Index(CRI)	> 70
Optic Options	60°/90°/120°
House color	Black
IP Rating	IP65
IK Rating	Ik09
Driver	Inventronics Sosen MeanWell option
Surge Protection	4KV
Power Factor	>0.95
DALI&0-10V &Intelligent	Yes (Option)
Wireless Control	Zigbee wireless, IoT devices control
Certificate	SAA RCM CE ROHS ENEC TUV UKCA
Warranty	5 years
Lamp Body Material	PC, Aluminum
Operating Temperature	-20°C ~ +45°C
Installation	Bracket style/Hoisting payment/lamp shade model
Dimensions(mm)	Φ345*150mm

## Models (Sku Code Example)

DSDBL - 200W- 4K + F90

Model	Power	CCT	Beam	Add Ons
