# Flex RGB 18 Strip light

The Flex RGB 18 Strip light used constant voltage technology, ensuring a stable and reliable power supply for long-lasting performance. With RGB capabilities, users have the freedom to create their desired ambiance by choosing from a wide spectrum of colors and temperatures. Whether it's a warm and cozy atmosphere for a living room or a dynamic and colorful display for a retail environment, the possibilities are endless with our LED light strip.

Product Specification

Model Name	Flex RGB 18 Strip light
Watts/M	18W/M
LED/M	120 LED/M
LED	SMD3535
LED Spacing	8.33mm
LED Efficacy Lm/W	/
Topology	Constant Voltage
LED LM80	50,000+ Hours (L70 TM-21 10K)
Operating Voltage	DC24V
CRI	/
SDCM	4-SDCM
CCT	RGB
IP Rating	IP65
Cut Length	50mm
Copper Layer	3OZ
Adhesive	3M 300LSE
Warranty	2 Years
Dimensions(IP20)	5000mm X 10mm
