

TECHNICAL DATA

- 1.) All dimensions are in mm;
- 2.) Applicable standards: IEC60168 & DL/T 627.
- 3.) The creepage distance:1000mm.
- 4.) Critical impulse withstand voltage (positive):230kV.
- 5.) Power frequency 1 minute withstand voltage (wet): 95kV.
- 6.) Cantilever strength: 2.3kN.
- 7.) Glaze color: Brown.
- 8.) All ferrous metal parts are hot dip galvanized as per ISO1461.
