

# 4U Rackmount Industrial Computer with Screen

## KTB-4000AJ

### Product Features:

- Black sand texture spray paint, SGCC galvanized steel plate + aluminum alloy wire-drawn anodized panel
- Supports ITX/MATX/ATX/EATX motherboards (within 305\*330mm), ATX power supply, CPU cooler max. height 115mm
- 4 x 3.5" + 1 x 2.5" hard drive bays, standard with 2 x 6cm + 1 x 8cm fans
- 7 full-height expansion slots, 8.9" 1024\*600 VGA screen, integrated keyboard with touchpad

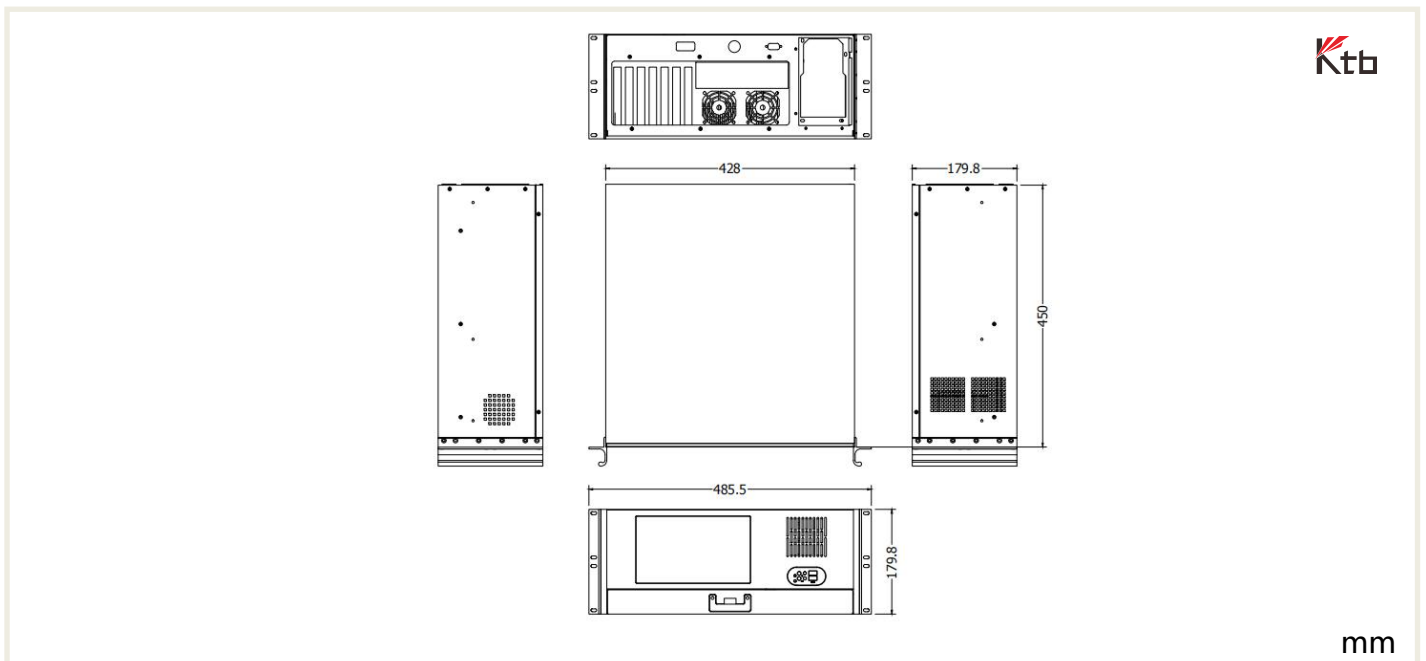

### Product Description:

KTB-4000AJ is a professionally designed multifunctional chassis with a black sand-textured spray finish. Its body is made of 1.2mm SGCC galvanized steel, and the front panel is aluminum alloy with wire-drawn anodization, ensuring both texture and durability.

It offers strong hardware compatibility and expansion: supporting ITX, MATX, ATX, and EATX motherboards, an ATX power supply, and a 115mm-max CPU cooler. It has 4×3.5" + 1×2.5" hard drive bays, a cooling system with 2×6cm and 1×8cm fans, and 7 full-height expansion slots.

With an 8.9-inch 1024\*600 VGA screen and an integrated keyboard with touchpad, it enables convenient operation. Ideal for hardware enthusiasts and industrial multi-device scenarios, KTB-4000AJ stands out for its compatibility, expandability, and practicality.

### Dimension:

# Screen-Equipped Industrial PC

## (ITX/MATX/ATX/EATX Compatible)

### Specifications:

Model	KTB-4000AJ
Dimension	Depth 450 * Width 430 * Height 177.8mm
Color	Black Sand Texture Spray Paint
Material	Body: Formed by high-quality 1.2mm SGCC galvanized steel plate; Front panel: Aluminum alloy with wire drawing and oxidation
Motherboard Bay	Supports ITX, MATX, ATX, EATX motherboards, standard motherboards within 305*330mm
CPU Cooler	Max. height 115mm
Hard Drive Bay	Supports 4 x 3.5" and 1 x 2.5"
Fan Bay	Chassis comes with 2 x 6cm fans and 1 x 8cm fan as standard
Power Supply Bay	ATX Power Supply
Expansion Slots	7 full-height expansion slots, PCI card: max. height 140mm, max. length 390mm
Internal Usable Space	Length 395 * Width 376 * Height 135mm
Panel Layout	2 x USB2.0, 1 x power switch, 1 x reset button, 1 x power indicator, 1 x hard drive indicator
Display	8.9-inch screen, resolution 1024*600, VGA signal
Input Device	Integrated keyboard with touchpad
Net Weight	13.7kg
Gross Weight	17.3kg
Package Dimension	54.3*51.8*43.5cm double-layer carton
