

Functional description :

- 1.Composed of 1 x 1-inch dome tweeter and 1 x 6.5-inch mid-bass unit
- 2. High Sound Pressure Level Output and Large Dynamic Response
- 3.Front-facing Terminal Design for Easy System Setup
- 4.Designed with 8 N42 High-Strength Magnet Devices for the Grille, Suitable for Various Environments
- 5.Tweeter Unit: 1 x 1" Dome
- 6. Mid-woofer Unit: 1 x 6.5"
- 7. Nominal Impedance: 8Ω
- 8. Rated Power: 100W (400W Peak)
- 9. Frequency Range: 75Hz~20KHz
- 10.Characteristic Sensitivity Level (1m/1W): 95dB
- 11.Specified Sound Pressure Level in the Frequency Band: 113dB
- 12. Grille Material: Metal Mesh
- 13.Back Can Material: Iron
- 14. Enclosure Size: Total Height 197mm (including Face plate), Embedded Depth 176mm, Speaker Outer Diameter 316mm
- 15. Cutout Size: Diameter 270mm
- 16. Net Weight: 4.37kg
- 17. Packaging Weight: 5.9kg

Technical specifications:

Tweeter Unit	1x1"Dome Tweeter;
Mid-bass Unit	1x6.5";
Rated Impedance	8Ω;
Rated Power	100W (400W, PEAK) ;
Effective Frequency Range	75Hz~20KHz;
Characteristic Sensitivity Level (1m/1W)	95dB;
Sound Pressure Level within the Specified Frequency Band	113dB;
Grille Material	Metal Grille;
Rear Housing Material	Iron
Product Dimensions	Total Height: 197mm (Including Grille), Recessed Depth: 176mm, Speaker Outer Diameter:316mm
Cutout Dimensions	Diameter:270mm;
Product Net Weight	4.37kg;
Package Weight	5.9kg;
