

Product Overview

VM-TW1245C is a professional compact 4+1 line array audio system, matched with four full-range array cabinets plus one dedicated subwoofer for balanced full-frequency performance. Adopting optimized acoustic waveguide and neodymium drive units, it delivers uniform vertical sound coverage, low distortion and crisp vocal definition. Its lightweight reinforced cabinet and integrated rigging hardware enable fast hanging or ground stacking for flexible deployment. Suitable for medium-sized live events, auditoriums, churches and multi-function halls. The 4+1 collocation perfectly complements mid-high clarity and powerful low-frequency impact, offering cost-effective, easy-operated professional sound reinforcement with consistent audio uniformity across audience zones.

Suitable for applications including:

- ✓ Medium & large live performance venues
- ✓ Indoor multi-function halls
- ✓ Conference auditoriums
- ✓ Campus stadiums & lecture halls
- ✓ Churches and worship spaces
- ✓ Outdoor stage events
- ✓ Hotel banquet halls
- ✓ Exhibition centers
- ✓ Sports arenas
- ✓ Theater & entertainment venues

VOKON

Line Array Speaker [Suspended Type]

VM-TW1245C

Key Features

- 1. 4+1 matched line array configuration with full-range cabinets and dedicated subwoofer for complete frequency response
- 2. High-efficiency neodymium speaker drivers, low distortion and clear mid-high vocal performance
- 3. Optimized acoustic waveguide for even vertical sound coverage across all listening areas
- 4. Lightweight reinforced wooden cabinet with integrated rigging hardware for quick rigging or ground stacking
- 5. Stable long-distance sound projection with strong low-frequency impact
- 6. Compact and flexible design suitable for both indoor and outdoor medium-scale sound reinforcement projects
- 7. Consistent sound uniformity, easy installation and cost-effective professional audio solution

Technical specifications

Model	VM-TW005T	VM-TW012T
Product Name	5-inch Passive Coaxial Plastic Speaker	12-inch Subwoofer
Enclosure Material	ABS Plastic + Fiber Composite	Birch Plywood with waterproof polyurea paint coating
Driver Configuration	5-inch full-range woofer (35 mm voice coil, 70 mm neodymium magnet) ,34 mm tweeter	12-inch woofer, 65 mm voice coil, 170 mm magnet, vented pole piece
Power Rating	130W @ 8Ω	400W @ 8Ω
Product Dimensions (W × D × H)	150 mm × 200 mm × 150 mm	425 mm × 435 mm × 425 mm
Net Weight	2.85 kg	21.5 kg
