

Product Overview

VM-AK7100P is a multifunctional digital lecture podium equipped with a 21.5-inch 1920*1080 capacitive touch screen. It runs Android 14 OS with 4GB RAM and 64GB storage, ensuring smooth system operation. Featuring 2K@60Hz HDMI input for teleprompter use and 4K@60Hz HDMI output, it supports flexible video transmission. Rich interfaces including multiple USB ports and 3.5mm audio output meet diverse connection demands. Equipped with a standard gooseneck microphone with XLR output, it delivers clear audio pickup. It supports fluent whiteboard writing, PPT playback and presenter page turning, as well as U-disk file import. It realizes multi-device wireless screen casting, small-screen control of large screens, same-screen and split-screen display, and conference program list functions, perfectly suitable for smart teaching and office conference scenarios.

Suitable for applications including:

- ✓ Government conference halls
- ✓ Enterprise high-end meeting rooms
- ✓ University lecture halls & classrooms
- ✓ Auditoriums and academic report halls
- ✓ Hotel multi-function banquet halls
- ✓ Training and seminar venues
- ✓ Smart exhibition and speech venues
