

VOKON Multimedia Amplifier

VT-D210M

Product Overview

VT-D210M is a compact 2.0 digital mixer amplifier delivering $2 \times 100\text{W}$ stereo output for $4\text{-}8\Omega$ speakers. It supports Bluetooth V6.0 wireless streaming and USB media playback up to 64GB, compatible with multiple audio formats. Equipped with AUX, optical and coaxial digital inputs, it offers rich connectivity options. Built-in multiple EQ and playback modes optimize audio performance. Featuring LED digital display, IR remote control and bass- treble adjustment, it ensures simple operation. Integrated overload, short- circuit and overheat protections enhance working stability. Ideal for meeting rooms, classrooms, retail stores, restaurants and other commercial audio scenarios.

Suitable for applications including:

- ✓ Meeting Rooms
- ✓ Educational Classrooms
- ✓ Retail Stores & Supermarkets
- ✓ Restaurants & Cafes
- ✓ Hotel Public Areas
- ✓ Office Spaces
- ✓ Small Commercial venues
- ✓ Multimedia Training Rooms

Key Features

- 1.2 × 100W stereo output, suitable for 4- 8Ω passive speakers, delivers stable and powerful sound for medium- small spaces
2. Bluetooth V6.0 wireless audio streaming, supports quick connection with mobile devices for music playback
3. USB media playback up to 64GB, compatible with MP3, WAV, WMA, FLAC multiple audio formats
4. Rich input sources: AUX, optical digital input and coaxial digital input for diverse audio devices
5. Multiple built- in EQ modes: Normal, Rock, Pop, Classical, Jazz, Country for different sound preferences
6. Various playback modes including All, One, Folder, Random to meet different usage demands
7. LED digital display + IR remote control, convenient remote operation and status viewing
8. Independent Bass, Treble and Master volume knobs for precise audio adjustment
9. Multiple practical functions: timer, mute and memory function for flexible application
10. Comprehensive protection: overload, short- circuit and overheat protection to ensure stable unit operation
11. Compact desktop- style chassis with aluminum front panel, easy to place and install

Technical specifications

Model	VT- D210M
Output Power	2 × 100W (4- 8Ω)
Frequency Response	20Hz- 20kHz
Total Harmonic Distortion	<0.05% @1kHz, 1/3 Rated Output Power
Signal- to- Noise Ratio	>85dB
Bluetooth Version	V6.0
Audio Input	AUX, Optical, Coaxial
Power Supply	DC 24V/4A (External Adapter)
Max Power Consumption	≤120W
Protection	Overload / Short Circuit /Overheat / DC Protection
Dimensions (W×D×H)	325 × 230 × 70 mm
Net Weight	1.6 kg
